The Erotic Thriller in Contemporary Cinema Linda Ruth Williams,2005 This bold and original book examines in detail a relatively new genre of film the erotic thriller Linda Ruth Williams traces the genre's exploitation of pornography and noir discusses mainstream stars including Michael Douglas and Sharon Stone as well as genre branded direct to video stars charts the work of key producers and directors and considers home videos as a distinct form of viewing pleasure She maps the history of the genre analyzing hundreds of movies from blockbusters such as *Basic Instinct* *Fatal Attraction* and *In the Cut* to straight to video film titles such as *Carnal Crimes* *Sins of Desire* and *Night Eyes* Williams's witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex and its censorship at the beginning of the 21st century She shows that as the erotic thriller plays out the sexual fantasies of contemporary America it also provides a vehicle for marketing those fantasies globally

Pornland Gail Dines,2010-08-06 Professor Gail Dines has written about and researched the porn industry for over two decades She attends industry conferences interviews producers and performers and speaks to hundreds of men and

women each year about their experience with porn Students and educators describe her work as life changing In Pornland the culmination of her life s work Dines takes an unflinching look at porn and its affect on our lives Astonishingly the average age of first viewing porn is now 11 5 years for boys and with the advent of the Internet it s no surprise that young people are consuming more porn than ever But as Dines shows today s porn is strikingly different from yesterday s Playboy As porn culture has become absorbed into pop culture a new wave of entrepreneurs are creating porn that is even more hard core violent sexist and racist To differentiate their products in a glutted market producers have created profitable niche products like teen sex torture porn and gonzo in order to entice a generation of desensitized users Going from the backstreets to Wall Street Dines traces the extensive money trail behind this multibillion dollar industry one that reaps more profits than the film and music industries combined Like Big Tobacco with its powerful lobbying groups and sophisticated business practices porn companies don t simply sell products Rather they influence legislators partner with mainstream media and develop new technologies like streaming video for cell phones Proving that this assembly line of content is actually limiting our sexual freedom Dines argues that porn s omnipresence has become a public health concern we can no longer ignore
