Koontz,1996-04-01 The Complete H. P. Lovecraft Filmography Charles P. Mitchell,2001-09-30 The influence of science fiction writer H P Lovecraft is widely felt in modern literature authors from Robert E Howard to Stephen King can claim him as their ancestor But cinema too has seen Lovecraft's impact and author Charles Mitchell offers here a comprehensive guide to the dozens of films that are representative of this influence Mitchell studies the films in detail analyzing the major Lovecraft elements and examining the fidelity of the films to the original works Amateur films as well as television productions and foreign cinema are included in Mitchell's scrutiny revealing the challenge of transcribing Lovecraft to the screen while at the same time suggesting the potential of Lovecraft's work for future quality screen adaptations In addition

to plot summaries entries for each film include annotated cast lists critiques of actors performances the degree of fidelity to Lovecraft and representative quotes from each film This thorough work will be of interest to students of cinema as well as modern literature *Plagiarism, Copyright Violation, and Other Thefts of Intellectual Property* Judy Anderson, 2010-06-21

What is intellectual property Should copyright laws be modified to accommodate new ways of transmitting information The debate over such questions has reemerged with the growth of the Internet and other means of electronically storing information Over 600 articles written from 1900 through 1995 are fully annotated in this bibliography The citations cover a wide range of material from humorous anecdotes in popular magazines to scholarly discussions in academic journals The entries are divided into three parts the money trail the detection and proof of violations and the punishment of offenders and defending one's property A lengthy introduction first details how the concept of intellectual property came into being and then focuses on how governments and other entities deal with the issue **Dean Koontz** Joan Kotker, 1996-08-13 One of the most prolific and popular contemporary novelists Dean Koontz has captivated both young and mature readers alike This critical companion examines his mature fiction including his most popular recent novels *Watchers* *Lightning* *Dark Rivers of the Heart* and *Intensity* Its intention is to provide both conventional and alternative readings so that students and readers who love Koontz's fiction can develop their critical skills Other novels examined in depth are *Phantoms* *Strangers* *IMidnight* *The Bad Place* and *Mr Murder* Seven other Dean Koontz novels are examined in comparison to these as well A biographical chapter sketches Dean Koontz's background and suggests ways in which growing up as the child of an abusive alcoholic has affected his work A chapter on genre shows that Koontz combines elements from a number of genres in his writing and that his novels are moving in the direction of mainstream fiction Kotker's discussion of Koontz's increasingly somber world view shows him to be a writer deeply concerned with issues of individual freedom Each chapter deals with one novel in depth while making comparisons to other novels in his canon Plot character development setting point of view and thematic issues are discussed for each novel Kotker also examines each novel from an alternative critical approach providing the reader with an additional perspective Because of its easy to use format and thorough critical approach this book will be a key purchase for school and public libraries whose students and patrons read Dean Koontz **Leonard Maltin's Movie Guide** Leonard Maltin, 2017-11-28 Previously published as *Leonard Maltin's 2015 Movie Guide* this capstone edition includes a new Introduction by the author Note No new reviews have been added to this edition Now that streaming services like Netflix and Hulu can deliver thousands of movies at the touch of a button the only question is What should I watch Summer blockbusters and independent sleepers the masterworks of Alfred Hitchcock Billy Wilder and Martin Scorsese the timeless comedy of the Marx Brothers and Woody Allen animated classics from Walt Disney and Pixar the finest foreign films ever made This capstone edition covers the modern era while including all the great older films you can't afford to miss and those you can from box office smashes to cult classics to forgotten gems to forgettable bombs listed alphabetically and complete with all the
