The eldest of the three is Tyler Bruce, a troubled teenager with a short temper and a huge ego. Eden's complete polar opposite. Eden quickly finds herself thrust into a world full of new experiences as Tyler's group of friends take her under their wing. It exposes the deepest wounds he acquired on his life's journey and examines his quest to find the meaning of manhood. This memoir presents one man's chronicle of self discovery in the process of finding love and purpose in life, its story about pain, healing, restoration and redemption. Goodnight has arrived in Hollywood to write a screenplay about his great great great ever so great grandfather Jimmy Goodnight the legend who more or less invented the Texas cowboy during the 1870s and who was featured in Latham's Code of the West and The Cowboy with the Tiffany Gun. As the film's director, smart and beautiful Hollywood veteran Jamie Stone shows Chick how to write for the screen, he finds his quaint Western inspired code of ethics challenged by an industry in which casting departments pimp for their producers and overzealous method actors feel obliged to seduce their costars. But culture shock becomes the least of Chick's worries when his cousin, a young aspiring actress, dies under suspicious circumstances. Shortly, Chick taking a few heroic pages from his own script is forced to investigate before someone else meets his maker. As Chick's misadventures take him from Hollywood to Texas and back again, Aaron Latham treats us to a bravura piece in which art imitates life imitating art.
