

How Great Was Alexander the Great?

A magnificent statue of the ruler of Egypt, 330 BC.

Whereas Alexander III of Macedon would like posterity remember him as a conqueror, Alexander was only 20 years old when he took the throne of Macedonia and the kingdom of Egypt. As a commander, Alexander was not invincible: the Persian Empire, which stretched from Egypt to India, he achieved to conquer by the time he was 30 but he died just before completing his conquests. Alexander's legacy, however, and his accomplishments, they still are relevant today.
