How To Disappear Erase Your Digital Footprint Leave False Trails And Vanish Without A Trace Frank M Ahearn:

How to Disappear Frank Ahearn, Eileen Horan, 2023-09-14 For the first time in paperback we bring you the authoritative and comprehensive guide for people who seek to protect their privacy as well as for anyone who's ever entertained the fantasy of disappearing whether actually dropping out of sight or by eliminating the traceable evidence of their existence. Written by the world's leading experts on finding people and helping people avoid being found, *How to Disappear* covers everything from tools for disappearing to discovering and eliminating the nearly invisible tracks and clues we tend to leave wherever we go. Learn the three keys to disappearing: all about your electronic footprints, the dangers and opportunities of social networking sites, and how to disappear from a stalker. Frank Ahearn and Eileen Horan provide field-tested methods for maintaining privacy as well as tactics and strategies for protecting personal information and preventing identity theft. They explain and illustrate key tactics such as misinformation, destroying all the data known about you, disinformation, creating fake trails, and finally reformation: the act of getting you from point A to point B without leaving clues. Ahearn illustrates every step with real-life stories of his fascinating career: from undercover work to nabbing thieving department store employees to a stint as a private investigator and later as a career skip tracer who finds people who don't want to be found. In 1997, when news broke of President Bill Clinton's dalliance with a White House intern, Ahearn was hired to find her. When Oscar statuettes were stolen in Beverly Hills, Ahearn pinpointed a principal in the caper to help solve the case. When Russell Crowe threw a telephone at a hotel clerk in 2005, Ahearn located the victim and hid him from the media. An indispensable resource not just for those determined to become utterly anonymous but also for just about anyone in the brave new world of online information, *How to Disappear* sums up Ahearn's dual philosophy: Don't break the law, but know how to protect yourself.

AN EXCERPT How Not to Disappear There are several books and Web sites that explain how to obtain a new identity If you are not a criminal or international spy you do not need a new identity to safely and discretely disappear What people fail to take into consideration is how they can test out their new identity Do you book a trip internationally and just wing it past customs Do you speed in your car and wait til you get pulled over and have the cop run your new license Perhaps you walk into a Social Security office with your birth certificate and apply for a Social Security number at the age of thirty five and explain you have been living in a cave for the past twenty years New identities are a bad idea Imagine that you are now Mr Vincent Vega from Palm Springs and you're hanging out with your lady friend and her family sipping Pina Colodas and over walks your best friend from high school This dumb nut starts calling you by your real name Dexter Plaidpants Just try explaining that to all at the table cover blown New identities are like roulette It is only a matter of time until your number comes up

Ahearn, a leading authority on finding and disappearing people Frank is the author of The New York Times Best Seller *How to Disappear: Erase Your Digital Footprint, Leave False Trails, and Vanish Without a Trace* **Stealing from Bergdorf's** Frank M. Ahearn, 2016-03-22 *Stealing From Bergdorf's* are true tales from Frank M. Ahearn and his days as an undercover for hire. It is an exciting, interesting, and strangely humorous journey into the world of human manipulation and fine thievery. Frank's introduction into the investigative world came in his early twenties when he began working as an undercover for hire. He was placed in retail stores and warehouses as an employee to catch dishonest workers. His job was to become friends with the employees and create a ring of thieves who would supply stolen merchandise. Ultimately, they would be taken down by the very hand that feeds. Step by step, Frank shares his true tales of loading up suitcases of merchandise going on cold buys, convincing a whole warehouse of employees to steal and sell him the goods. His favorite case came under the roof of the famed Bergdorf Goodman where Frank was buying Valentino skirts, Bob Mackey ball gowns, and other high brand merchandise. He knew his undercover for hire days were coming to an end when his cover was blown and he was trapped in a bar in Pittsburgh. *Stealing From Bergdorf's* is a journey of befriending, betrayal, entrapping, and not becoming the private investigator Frank wanted to become. Yet, and most important, *Stealing From Bergdorf's* is a lesson in trust. *How to Disappear: The world's number one guide to vanishing without a trace* Eileen C. Horan, Frank M.
