Kellam, 2011-02-14 When parents turn to the parenting self help section of their local bookstore they are looking for both practical guidance and a childrearing philosophy that resonates with them an approach they can relate to and be comfortable implementing in their own household In *The Parent Survival Guide* From Chaos to Harmony in Ten Weeks or Less Theresa

Kellam presents a way to strengthen the relationship with the child that simultaneously promotes the parent's own emotional healing and wellness. Grounded in a research-supported therapeutic technique that uses structured play time as the catalyst for interpersonal connection and growth, Kellam's model is subtle in its simplicity. Through a series of guided exercises, Kellam gives parents the skills they need to begin to set aside special playtimes with their children during which the most important part of the process is simply being there in a way that promotes healing, growth, and communication. The beauty of this approach is that in only 30 minutes once a week, the results can be seen in only a few weeks. Features of the book include Parent Survival Tip at the start of each chapter. Original cartoon illustrations bring text to life. Short but insightful worksheet questions bring focus to the program. The Parent Survival Guide is structured over a series of 10 chapters which can be read in conjunction with the 10 sessions of the CPRT workshops for those parents enrolled in a formal filial training program. But the material in the book is designed to be read and implemented by anyone. The author is not only a licensed psychologist and filial therapist but she has also gone through the program with her own son and continues to rely on its principles within her family.

Teach Yourself How to Learn Sandra Yancy McGuire, 2023-07-03 Following up on her acclaimed *Teach Students How to Learn* that describes teaching strategies to facilitate dramatic improvements in student learning and success, Sandra McGuire here presents these secrets direct to students. Her message is that Any student can use simple straightforward strategies to start making A's in their courses and enjoy a lifetime of deep effective learning. Beginning with explaining how expectations about learning and the study efforts required differ between college and secondary school, the author introduces her readers through the concept of metacognition to the importance and powerful consequences of understanding themselves as learners. This framework and the recommended strategies that support it are useful for anyone moving on to a more advanced stage of education so this book also has an intended audience of students preparing to go to high school, graduate school, or professional school. In a conversational tone and liberally illustrated by anecdotes of past students, the author combines introducing readers to concepts like Bloom's Taxonomy to illuminate the difference between studying and learning, fixed and growth mindsets, as well as to what brain science has to tell us about rest, nutrition, and exercise, together with such highly specific learning strategies as how to read a textbook, manage their time, and take tests. With engaging exercises and thought-provoking reflections, this book is an ideal motivational and practical text for study skills and first-year experience courses.

Limitless Possibilities Kathleen Walsh, 2009-09-24 Each of us has felt the energy shift as the planet transitions into the fifth dimension We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course Some of us have been rocked to our very core We are asking ourselves what is this and why is this happening We each have chosen to come to earth during this time of great transition We are all here sharing our lives with each other helping Mother Earth move into the Golden Age the spiritual Age of Aquarius This transition will complete on the date that the Mayan civilization predicted some 26 000 years ago December 21st 2012 There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet As our world resets itself so too must we reset ourselves What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living Why Many of us may be existing as a two or a three dimensional person The energies that sustain those dimensions no longer exist on this planet So the old ways of thinking or operating that produced success at one time no longer exist It is now necessary for us if we are to exist in harmony with our planet to transition as well If we choose not to transition then frustration and anger will become paramount in our lives The choice is up to us To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and

harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that **Manage Your Stress for a Happier Life: Teach Yourself** Terry Looker, 2011-03-03 Teach Yourself the world's leading learning brand is relaunched in 2010 as a multi platform experience that will keep you motivated to achieve your goals Let our expert author guide you through this brand new edition with personal insights tips energising self tests and summaries throughout the book Go online at www.teachyourself.com for tests extension articles and a vibrant community of like minded learners And if you don't have much time don't worry every book gives you 15 and 10 minute bites of learning to get you started Free yourself from stress Learn how to find work life balance Feel mentally and physically healthy Assess and treat your stress with the free biodots included This book explains why you feel stressed and how to do something about it It includes a free package of biodots which will help you diagnose and manage your stress it will also explain the causes of your tension and show you all the different strategies you can use to deal with it It explains how better physical health can lead to better mental health gives practical information on things like decluttering and work life balance and reveals what the new discoveries of NLP and similar techniques can do to help you banish stress forever
