act of questioning authority on either side of that bridge is guaranteed to evoke furious emotions in those who believe they already know the truth Bill Sweet's Journey into Prayer is the story of a father and son who courageously risked everything to explore the power of prayer an overview of what they discovered and a poignant reminder of the risks faced by all true pioneers Dean Radin Ph D Senior Scientist Institute of Noetic Sciences Author of The Conscious Universe and Entangled Minds interviewed in the movie What the Bleep Down the Rabbit Hole The name Spindrift is synonymous with what at first seems an oxymoron the scientific study of prayer This group's ground breaking work which has been part of an enormous shift in consciousness was brought forth at great personal cost the apparent suicides of the father son research team Bill Sweet's meticulous account reads like a mystery one that may never be solved But regardless of the tragedy the Spindrift research is an important part of the bridge between science and Spirit May all the good these researchers have done return to them as an enduring blessing of peace Joan Borysenko Ph D Author Seven Paths to God and A Woman's Journey to God cofounder and former Director of the Mind Body Clinic Harvard Medical School This book describes the work of some original thinkers supported by over 20 years of meticulous experimental and analytical research of ingenious design It bears on the nature of prayer and of healing and of powers of the human mind little appreciated by most people Because the philosophical background and the experimental work differs from the mainstream the research and its important implications for all of us has been largely overlooked Bill Sweet's homely and disarming writing style presents the material in a personal way that is easily accessible to readers of all backgrounds Read it enjoy it and save your judgment until you have finished and pondered it a while Theodore Rockwell nuclear engineer and Author of The Rickover Effect and Creating The New World

her book *Spiritual Activism Keys for Personal and Political Success* Krause provides 12 keys for success that include principles taught by mystics and are grounded in physical laws of the universe Through observations interviews and direct participation with hundreds of activists over a 12 year period she has found their challenges are becoming more and more complex yet they are still able to discover keys to success no matter what country they are in the various aspects of the culture around them or the particular challenges they face Krause presents ten activists stories to show how they achieve real success Themes include overcoming personal challenges such as substance abuse or cancer creating true miracles entrepreneurship service after a life of abandonment post war peace politics around new environmental threats terrorism politics around nuclear programs lessons from the Arab Spring compassionate justice and a new world economic system The activists provide awareness of their concerns while they provide guidance and examples using spiritual keys For Krause whether struggles are considered personal or political they are all embedded in power dynamics that must be transformed and it is her belief that spiritual activism is the only sustainable way forward It is important to note not all of those she identifies in her book as spiritual activists affirm a religious belief some are atheists some are agnostic the important message here is these are imperfect beings that truly align their goals with conscious duty and purpose with a strong inner calling and principled action *Spiritual Activism* offers the essential keys to success with success defined as achieving all that is going to help readers live with purpose These 12 keys include Living Your Purpose Spiritual Intelligence Energy Vibrations Interdependence The Law of Attraction Purification Developing Your Whole Self Beliefs of the Mind The Law of Love Intention for Manifestation Prayer Faith in the Divine Readers will easily identify with the spiritual activists in Krause s book there is nothing otherworldly or extraordinary about them other than their chosen commitment to lead a life filled with meaning and as a result they are helping to change the world for the betterment of everyone
