Hindi Bhasha, Sujhaw aur Vimarsh Madabhushi Rangraj Iyengar, 2022-07-13 A Grammar of Gurung Kristine A. Hildebrandt, 2025-09-22 This grammar is a detailed description of Gurung a Tibeto Burman language spoken in parts of Nepal India and Bhutan and by diaspora communities in Southeast Asia and beyond Although Gurung is a Bodish language of the Tibeto Burman family the speakers have been in intense and long term contact with Nepali and so the grammar and lexicon demonstrate interesting aspects of contact induced language change This grammar focuses on the variety of Gurung spoken in Manang District Nepal but it includes detailed comparison with available data on other varieties spoken in other regions of Nepal and in India The description is based on primary data collected during fieldwork conducted between 2004 and 2017 including both natural and elicited data Of particular interest in this description is the register based tone system which diverges from descriptions of tone for other related languages spoken in the region Also of interest in this language is the phenomenon of differential case marking The grammar provides new analyses and insights that are relevant to our understanding of the synchronic typology and areal relationships and also the diachronic changes within the western Tibeto Burman region

Serving Library Users from Asia John Hickok, 2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e g disabled Latino seniors etc few books on serving library

users of Asian heritage have been written. Thus the timely need for this book. Rather than a generalized overview of Asians as a whole, this book has 24 separate chapters, each on 24 specific Asian countries, cultures of East, Southeast, and South Asia, with a wealth of resources for understanding, interacting with, and serving library users of each culture. Resources include cultural guides, both print and online, language helps with sample library vocabulary, Asian booksellers, nationwide cultural groups, professional literature, and more. Resources and suggestions are given for all three types of libraries: public, school, and academic, making this book valuable for all librarians. The demographics of each Asian culture, numbers, and distribution, plus history of immigration and international student enrollment, is also featured. As a bonus, each chapter spotlights a US public school and academic library providing model outreach to Asian library users. Additionally, this book provides a detailed description and analysis of libraries in each of the 24 Asian countries. The history, development, facilities, conditions, technology, classification systems, and more of public school and academic libraries are all discussed with detailed documentation. Country conditions influencing libraries and library use are also described. Literacy levels, reading cultures, languages, and writing systems, educational systems, and more. Based on the author's 15 years of research and travels to Asia, this work is a must-have for all librarians.

Challenging the Deprofessionalisation of Teaching and Teachers

John Buchanan, 2020-10-01. This book explores how best to invest in and nurture teachers. It examines deprofessionalisation and reprofessionalisation in the recent developments in the understanding of teaching and learning, including the effects of standardizing teaching, education shaped by student satisfaction data, and basic skills tests. The book focuses on the Australian context and takes on an international perspective. It investigates fundamental issues affecting teacher quality, morale, attrition, and retention; learner and teacher autonomy; and assessment and evaluation. It encourages teachers and teacher educators to assert centrality to teachers and question and challenge outside forces that suppress teacher autonomy and associated agency and creativity. It challenges administrators and educational jurisdictions to rethink their assumptions on their own capacities and limitations and teachers' capabilities to shape education in optimal ways and the impact of outcomes of the decisions they make.

Language, Technology, and Society

Richard Sproat, 2010-04-29. This book traces the history of language technology from writing, the first technology designed for language, to digital speech and contemporary language systems. Written in a clear, readable style, the book offers fascinating reading for everyone interested in how language and technology have shaped and continue to shape our day-to-day lives.

Whistling Dixie

Wilber W. Caldwell, 2025-05-15. Whistling Dixie is an exploration of the mysteries of human speech. This book attempts to approach the subject of language in a distinctly personal way by analyzing individual personal speech patterns and then attempting to relate that intimate analysis to the vast global tapestry of languages, dialects, and accents, as well as to the past and future evolution of human speech itself. Author Wilber Caldwell begins with the origins of human speech and continues with the history of the English language and its dialects, a discussion of American English and its dialects, ending with in-depth examinations of the speech

patterns vocabularies and accents of the American South in general of the speech patterns of Southerners around him and finally of his own personal speech habits These are the informed observations of a careful listener who has spent eighty years listening to Southerners speak Wilber Caldwell s journey from the lilting drawl of the Georgia Piedmont all the way back to the first human spoken word is a fascinating ride **Toldot** ,2003 **Hindi course** Linguaphone Institute (London),1976
