## Dictionary Of Basic Japanese Sentence Patterns:

**A Dictionary of Basic Japanese Sentence Patterns** Naoko Chino, 2013-02-22 A Dictionary of Basic Japanese Sentence Patterns is a fundamental learning tool for all students of the Japanese language whether they be unblemished beginners or scarred veterans With both types of struggling student as well as for all the gradations that fall in between there is a strong tendency in the heat of battle to lose sight of the essential nature of the Japanese sentence It is for just such people that this dictionary has been created to help them keep their eyes fixed firmly on the target and not be led astray The dictionary contains fifty of the most fundamental Japanese sentence patterns as well as sixty nine variations This number covers all the patterns that are needed for levels 3 and 4 of the Japanese Language Proficiency Test Each pattern and variation is clearly defined by a formula given in Japanese romanization and English Each is exemplified by sample sentences both in single sentences and in dialogues and each is represented in both polite and informal usage By means of this approach the essential nature of the Japanese sentence is clarified and once that has been done the many patterns and variations fall easily into place The simple undisguised truth is that there are only three types of sentence in Japanese and all of the convolutions and complications that distract and bemuse the student are nothing more than modifications of these three fundamental types The study of the Japanese sentence need not be as difficult as it seems A Dictionary of Basic Japanese Sentence Patterns may be used as a reference book to look up individual patterns for the purpose of learning confirming or reapproaching them or it may be used as a textbook to be read from beginning to end providing an overview of the Japanese sentence while buttressing the student's grasp of individual patterns Naoko Chino the author of the best selling All about Particles and Japanese Verbs at a Glance has again presented one of the more forbidding aspects of the language in a way that is both approachable and eminently comprehensible Main Features Fifty of the Most Common Basic Patterns Sixty nine Variations of the Basic Patterns Formulas Delineating Basic Pattern Structure Definitions of Terms Used in the Formulas Polite Example Sentences and Dialogues Informal Example Sentences and Dialogues Commentary on Individual Usages All the Basic Patterns Needed for Levels 3 4 of the Japanese Language Proficiency Test 日本語の基礎文法 Joyce Yumi Mitamura, Yasuko Kosaka Mitamura, 1997 This approach to learning the basic components of kanji demonstrates simply how a finite number of parts combine into a wide variety of characters Everyone agrees that it is possible to learn to speak Japanese in a reasonable amount of time but no one has ever said that about reading and writing it It is widely held that spoken and written Japanese require separate efforts by the student as if these two aspects were in fact distinct languages A first step toward alleviating this situation was taken by Yasuko Mitamura in 1985 with the publication of Let's *Japanese Sentence Patterns for Effective Communication* 日本語の基礎文法, 2005-09-27 Japanese Sentence Patterns for Effective Communication presents 142 essential sentence Patterns for everyday conversation all that is needed to get by in most uncomplicated social situations These patterns represent the basic building blocks of sophisticated speech and are mastered by all intermediate students Each is

given first in the form of a full length English sentence so that one can quickly understand its meaning and intent then is followed by a Japanese translation a short precise explanation several example sentences and a practice section that allows one to test one's comprehension By familiarizing oneself with these patterns and practicing them out loud and inventing new sentences with them one will quickly gain the skills necessary to effectively communicate one's thoughts in Japanese With page after page of sentence pattern practice and straightforward explanations of grammar this book is ideal for ambitious beginning level students who wish to up their oral proficiency quickly But it will also usefully serve intermediate and advanced students in need of solid review material or anyone with an interest in the workings of the Japanese language

**BOOK JACKET**      日本語の文法 2005 Groups the particles that are similar in function defining them giving samples of usage and pointing out differences Each section is followed by exercises so that students can test and confirm their knowledge Thus the student can easily access shared usage particles and understand their separate nuances Particles are the most difficult aspect of the Japanese language Previous books take up particles as independent entities enabling students to grasp the functions of the individual particles The downside to this approach is that many particles      日本語の文法 Makino, Seiichi, Tsutsui, M., 1995 This ever popular series of dictionary style grammar guides comprises three volumes basic intermediate and advanced with each presenting some 200 key grammar items along with analysis of sentence patterns abundant example sentences and easy to understand explanations in English The books also thoroughly explains common pitfalls and the distinctions in usage of similar expressions helping users to develop an even stronger grasp of Japanese grammar A must have reference for learners and teachers alike      日本語の文法 2008-04 This ever popular series of dictionary style grammar guides comprises three volumes basic intermediate and advanced with each presenting some 200 key grammar items along with analysis of sentence patterns abundant example sentences and easy to understand explanations in English The books also thoroughly explains common pitfalls and the distinctions in usage of similar expressions helping users to develop an even stronger grasp of Japanese grammar A must have reference for learners and teachers alike      **Japanese Grammar** Kimihiko Nomura, 2010-10-21 Japanese Grammar The Connecting Point is instrumental for anyone learning Japanese who seeks to gain a firm grasp of the most important aspect of the language verb usage Learning Japanese may seem to be a daunting task but Dr Nomura's book will help readers conjugate verbs into a variety of formats construct sentences systematically and hold intelligible conversations in Japanese He groups all Japanese verbs into clusters creating a method of how each of those groups conjugate and then demonstrates how to combine various verb forms with auxiliary expressions to form complex sentences Not only is this method excellent for beginners as it creates a solid foundation for learners to increase their language ability and attain fluency at a rapid rate but also for intermediate and advanced levels as it will help them solidify their verb usage and use Japanese with greater confidence Learners will also benefit from Dr Nomura's method because they will be able to shift the level of formality in any conversational situation

according to what is culturally appropriate Furthermore when a new verb is uttered by other people the learner will be able to immediately apply the agglutinative process described in this grammar book and generate sentences with a variety of suffixes in a culturally appropriate manner **A Dictionary of Basic Japanese Grammar** Seiichi Makino, Michio
