Dieter Rams As Little Design As Possible:

Dieter Rams Sophie Lovell, Jonathan Ive, 2024-09-24 The definitive monograph on Dieter Rams one of the most influential product designers of the twentieth century As head of design at Braun from 1961 to 1995 Dieter Rams created some of the twentieth century s most iconic objects Rams s life and work are indelibly linked to his thoughts about how people live and how they can live better Products he designed in the 1960s are still produced and sold today and his ideas on good design continue to inspire designers and consumers Now available again with a stunning new cover this comprehensive monograph with a foreword by Jonathan Jony Ive former chief design officer of Apple explores not only Rams s life and work but also his design philosophy The book includes detailed text covering Rams s life the intellectual context in which he worked his designs for Braun and Vitsoe and the ideas and lectures he developed as an advocate for good design Sketches and photographs of finished products and prototypes provide insight into Rams s design process diverse archival material gives a complete picture of his life and work and specially commissioned photographs of Dieter Rams s house and the Braun archive provide an exclusive glimpse of the world s most complete collection of Rams s designs Known for the hundreds of iconic products he designed for Braun and Vitsoe this comprehensive and exhaustive monograph also features Rams s only architectural work and the ideas about living sustainably embodied in his ten commandments

Design Discourse Victor Margolin, 1989-09-15 The editor has gathered together a body of writing in the emerging field of design studies The contributors argue in different ways for a rethinking of design in the light of its cultural significance and its powerful position in today s society The collection begins with a discussion of the various expressions of opposition to the modernists purist approach toward design Drawing on postmodernist theory and other critical strategies the writers examine the relations among design technology and social organization to show how design has become a complex and multidisciplinary activity The second section provides examples of new methods of interpreting and analysing design ranging from rhetoric and semiotics to phenomenology demonstrating how meaning is created visually A final section related to design history shifts its emphasis to ideological frameworks such as capitalism and patriarchy that establish boundaries for the production and use of design

The Invention of Design Maggie Gram, 2025-06-03 From a brilliant cultural historian a secret history of the twentieth century Louis Menand told through the story of design and its utopian promises Design has penetrated every dimension of contemporary society from classrooms to statehouses to corporate boardrooms It's seen as a kind of mega power one that can solve all our problems and elevate our experiences to make a more beautiful more functional world But there's a backstory here In *The Invention of Design* designer and historian Maggie Gram investigates how over the twentieth century our economic hopes fears and fantasies shaped the idea of design then repeatedly redefined it Nearly a century ago resistance to New Deal era government intervention helped transform design from an idea about aesthetics into one about function And at century's end the dot com crash brought us design thinking the idea that design methodology can solve any problem small or large To this day design captures imaginations as a tool for fixing market society's broken parts from within supposedly enabling us to thrive within capitalism's sometimes violent constraints A captivating critical history *The Invention of Design* shows how design became the hero of many of our most hopeful stories dreams fantasies utopias about how we might better live in a modern world *Somaesthetics and Design Culture* , 2023-04-03 Design permeates every dimension of our lifeworld from the products we consume and the built environments in which we live to the adorned and stylized beings that we are and the natural preserves where we seek relief from the stressful bustle of urban life Design is where contrasting values of functionality and aesthetic pleasure converge At the core of design is the human soma an active perceptive

subjectivity that creates and evaluates design but is also its cultivated product This collection of ten essays explores the somaesthetics of design in multiple fields from ritual craft and healthcare to architecture urbanism and the new media of extended realities

The Aesthetics of Nostalgia TV Alex Bevan, 2019-02-07 The Aesthetics of Nostalgia TV explores the aesthetic politics of nostalgia for 1950s and 60s America on contemporary television Specifically it looks at how nostalgic TV production design shapes and is shaped by larger historical discourses on gender and technological change and America's perceived decline as a global power Alex Bevan argues that the aesthetics of nostalgic TV tell stories of their own about historical decline and progress and the place of the baby boomer television suburb in American national memory She contests theories on nostalgia that see it as stagnating regressive or a reversion to outdated gender and racial politics and the technophobic longing for a bygone era and instead argues nostalgia is an important form of historical memory and vehicle for negotiating periods of historical transition The book addresses how and why the shows construct the boomer era as a placeholder for gender racial technological and declensionist discourses of the present The book uses *Mad Men* AMC 2007 2015 *Ugly Betty* ABC 2006 2010 *Desperate Housewives* ABC 2004 2012 and film remakes of 1950s and 60s family sitcoms as primary case studies
