Race, Ethnicity and Publishing in America C. Cottenet, 2014-06-26 Race Ethnicity and Publishing in America considers American minority literatures from the perspective of print culture Putting in dialogue European and American scholars and spanning the slavery era through the early 21st century they draw on approaches from library history literary history and textual studies *On the Legacy of Maxine Hong Kingston* Sămi Ludwig, Nicoleta Alexoae-Zagni, 2014 This book is a collection of recent scholarship on Maxine Hong Kingston gathered on the occasion of the very first conference ever devoted exclusively to Kingston and to celebrate her opera omnia Featuring the work of researchers from four continents the book represents the cosmopolitan reception of the most important Asian American author In addition to many new angles on her two canonical postmodern autobiographies *The Woman Warrior* and *China Men* this collection also tackles Kingston's less frequently discussed writings and her most recent publications Parallel readings and comparisons further test her legacy in the sense of her enduring influence on younger Asian American writers Though it is a conference book this peer reviewed volume includes additional articles by selected scholars It also contains original presentations by Maxine and her husband Earl Kingston Series Contributions to Asian American Literary Studies Vol 7 **The Woman Warrior** Maxine Hong Kingston, 2014-12-15 With an introduction by Xiaolu Guo A classic memoir set during the Chinese revolution of the 1940s and inspired by folklore providing a unique insight into the life of an immigrant in America When we Chinese girls listened to the adults talking story we learned that we failed if we grew up to be but wives or slaves We could be heroines swordswomen Throughout her childhood Maxine Hong Kingston listened to her mother's mesmerizing tales of a China where girls are worthless tradition is exalted and only a strong wily woman can scratch her way upwards Growing up in a changing America surrounded by Chinese myth and memory this is her story of two cultures and one trenchant lyrical journey into womanhood Complex and beautiful angry and adoring Maxine Hong Kingston's *The Woman Warrior* is a seminal piece of writing about emigration and identity It won the National Book Critics Circle Award in 1976 and is widely hailed as a feminist classic

Visions of Whiteness in Selected Works of Asian American Literature Klara Szmańko, 2015-03-07 Author Toni Morrison stressed the need to analyze race in American literature by white authors by shifting focus from the racial object to the racial subject Representations of whiteness in certain works by Asian American authors reveal what happens when the visual dynamics of ethnography are reversed and those persons often considered as objects Asian Americans other minorities are allowed to see and judge those who so often objectify them This study emphasizes social power structures the aesthetics of whiteness and transformational identity politics Works examined include Maxine Hong Kingston's *The Woman Warrior* 1976 and *China Men* 1980 and *The Fifth Book of Peace* 2003 Leonard Chang's *The Fruit N Food* 1996 and Joy Kogawa's *Obasan* 1981 *Learning to Be Old* Margaret Cruikshank, 2013-02-14 Margaret Cruikshank's *Learning to Be Old* examines what it means to grow old in America today The book questions social myths and fears about aging sickness and the other social

roles of the elderly the over medicalization of many older people and ageism In this book Cruikshank proposes alternatives to the ways aging is usually understood in both popular culture and mainstream gerontology Learning to Be Old does not propose the ideas of successful aging or productive aging but more the idea of learning how to age Featuring new research and analysis the third edition of Learning to be Old demonstrates more thoroughly than the previous editions that aging is socially constructed Among texts on aging the book is unique in its clear focus on the differences in aging for women and men as well as for people in different socioeconomic groups Cruikshank is able to put aging in a broad context that not only focuses on how aging affects women but men as well Key updates in the third edition include changes in the health care system changes in how long older Americans are working especially given the impact of the recession and new material on the brain and mind body interconnections Cruikshank impressively challenges conventional ideas about aging in this third edition of Learning to be Old This will be a must read for everyone interested in new ideas surrounding aging in America today

Global Wallace Lucas Thompson, 2016-12-01 David Foster Wallace is invariably seen as an emphatically American figure Lucas Thompson challenges this consensus arguing that Wallace s investments in various international literary traditions are central to both his artistic practice and his critique of US culture Thompson shows how time and again Wallace s fiction draws on a diverse range of global texts appropriating various forms of world literature in the attempt to craft fiction that critiques US culture from oblique and unexpected vantage points Using a wide range of comparative case studies and drawing on extensive archival research Global Wallace reveals David Foster Wallace s substantial debts to such unexpected figures as Jamaica Kincaid Julio Cort zar Jean Rhys Octavio Paz Leo Tolstoy Zbigniew Herbert and Albert Camus among many others It also offers a more comprehensive account of the key influences that Wallace scholars have already perceived such as Fyodor Dostoevsky Franz Kafka and Manuel Puig By reassessing Wallace s body of work in relation to five broadly construed geographic territories Latin America Russia Eastern Europe France and Africa the book reveals the mechanisms with which Wallace played particular literary traditions off one another showing how he appropriated vastly different global texts within his own fiction By expanding the geographic coordinates of Wallace s work in this way Global Wallace reconceptualizes contemporary American fiction as being embedded within a global exchange of texts and ideas
