Abstract

This review sets out four main explanatory paradigms of penal policy—focusing on, in turn, crime, cultural dynamics, economic structures and interests, and institutional differences in the organization of different political economies as the key determinants of penal policy. We argue that these paradigms are best seen as complementary rather than competitive and present a case for integrating them analytically in a comparative political economy framework situated within the *longue durée* of technology regime change. To illustrate this, we present case studies of one exceptional case—the United States—and of one substantive variable—race. Race has long been thought to be of importance in most of these paradigms and provides a pertinent example of how the different dynamics intersect in practice. We conclude by summarizing the explanatory challenges and research questions that we regard as most urgent for the further development of the field and point to the approaches that will be needed if scholars are to meet these challenges and answer these questions.

David Milward

Penal Policy A Journey Patrick Carter Reform:

The Unfinished Journey William Henry Chafe, 2003 This popular classic text chronicles America's roller coaster journey through the decades since World War II. Considering both the paradoxes and the possibilities of post-war America, Chafe portrays the significant cultural and political themes that have colored our country's past and present, including issues of race, class, gender, foreign policy, and economic and social reform. He examines such subjects as the Vietnam War, the Civil Rights movement, the origins and the end of the Cold War, the culture of the 1970s, the Reagan years, the Clinton presidency, and the events of September 11th and their aftermath. In this edition, Chafe provides an insightful assessment of Clinton's legacy as president, particularly in light of his impeachment, and an entirely new chapter that examines the impact of two of America's most pivotal events of the twenty-first century: the 2000 presidential election turmoil and the September 11th terrorist attacks. Chafe puts forth an excellent account of George W. Bush's first year as president and also covers his subsequent role as a world leader following his administration's declared war on terrorism. The completely revised epilogue and updated bibliographic essay offer a compelling and controversial final commentary on America's past and its future. Brilliantly written by a prize-winning historian, the fifth edition of *The Unfinished Journey* is an essential text for all students of recent American history.

The Life-Course of Serious and Violent Youth Grown Up Evan McCuish, Patrick Lussier, Raymond Corrado, 2021-06-30 *The Life Course of Serious and Violent Youth Grown Up* addresses significant gaps in the literature on youth involved in chronic serious and violent offending. Through longitudinal research and a long follow-up into adulthood, it challenges common perceptions about offending outcomes. Using theoretically grounded, methodologically sophisticated, and empirically driven research, this book culminates 20 years of data emerging from the Incarcerated Serious and Violent Young Offender Study (ISVYOS). Initiated in 1998 to understand the origins of serious and violent youth offending, it follows 1,719 formerly incarcerated youth through adulthood and offers a contemporary perspective to questions about chronic offending in adolescence and social and offending outcomes in adulthood. The authors provide a theoretically framed examination of new findings from the ISVYOS regarding participants' justice system involvement from onset to persistence to desistance. Most participants experienced continued involvement in the justice system in adulthood. However, contrary to past literature, ISVYOS findings challenge static descriptions of chronic offending and notions of the youth super predator. ISVYOS findings also challenge assertions that experiences and risk factors in childhood and adolescence are not informative of adult justice system involvement. Together, the findings call for a more humanistic approach that recognizes that the complex lives of individuals formerly incarcerated in adolescence implies that desistance does not happen by default. This book will be of great interest to scholars, researchers, and students of forensic psychology, developmental and life course criminology, youth justice, and violent crime.

Aboriginal Justice and the Charter David Milward, 2012-11-22 *Aboriginal Justice and the Charter* explores the tension between Aboriginal justice methods and the Canadian Charter of Rights and Freedoms, seeking

practical ways to implement Aboriginal justice David Milward examines nine legal rights guaranteed by the Charter and undertakes a thorough search for interpretations sensitive to Aboriginal culture Much of the previous literature in this area has dealt with idealized notions of what Aboriginal justice might be Here David Milward strikes out into new territory to examine why Indigenous communities seek to explore different paths in this area and to identify some of the applicable constitutional constraints This book considers a number of specific areas of the criminal justice process in which Indigenous communities may wish to adopt different approaches tests these approaches against constitutional imperatives and offers practical proposals for reconciling the various matters at stake Milward grapples with the difficult questions of how Aboriginal justice systems can be fair to its constituents while complying with the protections guaranteed all Canadians by the Charter

A Passion for Justice J. Patrick Boyer, 2008-07-29 This richly detailed biography illustrates how a determined Canadian seeking justice created an enduring legacy Through vigorous battles Jim McRuer's passion for justice was translated into laws that daily touch and protect the lives of millions today James Chalmers McRuer was not easy to get along with or even much liked by many lawyers who dubbed him Vinegar Jim Yet countless others saw him as heroic inspirational a man above and apart from his times His resolute focus on justice changed the lives of married women with no property rights children without legal protection aboriginals caught in the whipsaw of traditional hunting practices and imposed game laws and prisoners locked away and forgotten Environmental degradation and those causing it murderers stock fraud artists and Cold War spies all came within the ambit of J C McRuer's sharp legal mind and passion for justice Upon turning 75 McRuer embarked on his most important work of all becoming Canada's greatest law reformer and remaining active into his 90s
