stories were originally published in The New Yorker and then in various collections before Vintage first put them together in one volume in 1964 as a paperback original. They follow the life of one character from the age of ten through manhood in the small Pennsylvania town of Olinger, pronounced according to Updike with a long O and a hard G, which was loosely based on Updike's own hometown. All the stories draw from the same autobiographical well. Updike explained the only child, the small town, the grandparental home, the move in adolescence to a farm. The selection was made and arranged by Updike himself and was prefaced by a lovely 1,400 word essay by the author that has never been reprinted in full elsewhere until now.
