Understanding
Pakistan Mathew Joseph C., 2016-09-13 Understanding Pakistan Emerging Voices from India is the outcome of a national seminar for research scholars on Pakistan organized by the Centre for Pakistan Studies at the MMAJ Academy of International Studies Jamia Millia Islamia New Delhi The aim of the seminar was to explore how young minds in India view Pakistan the quintessential enemy country or the other of India The range of topics included issues related to Pakistan s politics economy popular culture education environment sectarian divide minorities policy towards Jammu Kashmir and

foreign relations The established academic discourse on Pakistan in India is largely dominated by concerns linked to security threats emanating from within Pakistan Due to this overemphasis on security related issues Indian scholarship on Pakistan is considered to be highly subjective and partisan However in this volume most of the young scholars distance themselves from the main thrust of Indian scholarship on Pakistan and provide a fresh perspective on Pakistan which can potentially rupture the established tradition of Indian scholarship on Pakistan Hopefully it will be these scholars who in the near future will be at the forefront of emerging scholarship on Pakistan in India

The Liberalism Trap Menaka Philips, 2023 In *The Liberalism Trap* Menaka Philips identifies a methodological problem in contemporary political theory preoccupations with liberalism have come to dominate the study of politics To evaluate the effects of such preoccupations Philips turns to John Stuart Mill the so called paradigmatic liberal She shows not only that Mill s famed liberal status is habitually substituted for his political arguments but also that this substitution obscures the role of uncertainty in Mill s political thought Across his writings on women s emancipation class reform and British Empire Philips recovers the uncertain strategies that inform Mill s politics offering an innovative account that sets into relief the limits of reading through liberalism

Theories of International Relations Stephanie Lawson, 2015-02-12 Since the field of International Relations was established almost a century ago many different theoretical approaches have been developed each offering distinctive accounts of the world why it has come to be the way it is and how it might be made a better place In this illuminating textbook leading IR scholar Stephanie Lawson examines each of these theories in turn from political realism in its various forms to liberalism Marxism critical theory and more recent contributions from social theory feminism postcolonialism and green theory Taking as her focus the major practical issues facing scholars of international relations today Lawson ably shows how each theory relates to situations on the ground Each chapter features case studies questions for discussion to encourage reflection and classroom debate guides to further reading and web resources The study of IR is a profoundly normative enterprise and each theoretical school has its strengths and weaknesses *Theories of International Relations* encourages a critical reflective approach to the study of IR theory while emphasising the many important and interesting things it has to teach us about the complexities and challenges of international politics today
