**Political Theory and Political Thought** N. D. Arora, S. S. Awasthy, 2007      Political Science Chukwunedum Amajioyi, 2016-06-16 This is a book on political science and political theory on American politics and West African politics It discussed the systems of government political behaviors and analysis It offers crucial political ideas and ways to achieving good governance leadership equality and freedom Political leadership in this modern era is corrupt and shows nothing but selfishness toward society Their priorities as leaders have deviated from managing the overall good welfare of the people to money greed power and prestige At the end of the day poor people suffer the consequences Modern politics has become a devilish game of empowering the rich and oppressing the poor Since there are no world police peace is unattainable among states and the strongest states forcefully take it all from the weak We need to improve our reasoning faculties as political leaders because through reasoning we can do good for the greatest number of people and put in more effort in making our governments and the world a better place for all of us Our leaders should stop impoverishing the already poor masses rather help them to live the way people are supposed to live Politics is all about improving the lives of the masses There is nothing like playing good politics anymore most politicians has become deceivers and liars They dish out fake promises to the voters just to get elected into office After winning the election they use their influence and power to quiet the poor voters In politics power is everything I mean military power and not personal wealth Military power makes negotiations and decisions a lot easier in the real world We will discuss these issues and much more in this book

**Political Theory**, 2006      **Modern Political Theory** Varma S.P., 1975 Modern Political Theory critically examines the contemporary state of political theory making an assessment of the achievements and limitations of the Behavioural Revolution in its totality and reviews objectively the major paradigms and conceptual frameworks adopted by the discipline The salient features of the contending conceptual models elaborated by leading scholars operating from separate locations and disparate premises have been highlighted and intellectual inter linkages in their works have been traced The book has 3 parts Part I comprises the scope of political science as a discipline Part II deals with the tools and techniques of political analysis Part III delineates mainstreams of contemporary political
