**The Night Sky** Ann Lauterbach, 2008-03-25 A scintillating collection of essays on language from one of literature s most supple minds In The Night Sky her first work of essays acclaimed poet Ann Lauterbach writes of the ways in which art and poetry are integral and necessary to human conversation At the center of the book is a series of seven essays by turns meditative and polemical that articulate the interstices between Lauterbach s poetics and her experience She advocates an active encounter with language at once imaginative and practical and argues for the importance of art to the well being of a democratic society Lauterbach s nimble and glittering Booklist writings bring us to a new understanding of the relationship between self knowledge and cultural meaning as well as demonstrating the ways in which contemporary philosophy and theory might be integrated with practical knowledge

Poetic Culture Christopher Beach, 1999 In Poetic Culture Christopher Beach questions the cultural significance of poetry both as a canonical system and as a contemporary practice By analyzing issues such as poetry s loss of audience the anthology wars of the 1950s and early 1960s the academic and institutional orientation of current poetry the poetry slam scene and the efforts to use television as a medium for presenting poetry to a wider audience Beach presents a sociocultural framework that is fundamental to an understanding of the poetic medium While calling for new critical methods that allow us to examine poetry beyond the limits of the accepted contemporary canon and beyond the terms in which canonical poetry is generally discussed and evaluated Beach also makes a compelling case for poetry and its continued vitality both as an aesthetic form and as a site for the creation of community and value

**Bodies on the Line** Raphael Allison, 2014-12-01 Bodies on the Line offers the first sustained study of the poetry reading in its most formative period the 1960s Raphael Allison closely examines a vast archive of audio recordings of several key postwar American poets to explore the social and literary context of the sixties poetry reading which is characterized by contrasting differing styles of performance the humanist style and the skeptical strain The humanist style made mainstream by the Beats and their imitators is characterized by faith in the power of presence emotional communion and affect The skeptical strain emphasizes openness of interpretation and multivalent meaning a lack of stability or consistency and ironic detachment By comparing these two dominant styles of reading Allison

argues that attention to sixties poetry readings reveals poets struggling between the kind of immediacy and presence that readings suggested and a private retreat from such performance based publicity one centered on the text itself Recordings of Robert Frost Charles Olson Gwendolyn Brooks Larry Eigner and William Carlos Williams all of whom emphasized voice breath and spoken language and who were inveterate professional readers in the sixties expose this struggle in often surprising ways In deconstructing assertions about the role and importance of the poetry reading during this period Allison reveals just how dramatic political and contentious poetry readings could be By discussing how to hear as well as read poetry Bodies on the Line offers startling new vantage points from which to understand American poetry since the 1960s as both performance and text

Industrial Poetics Joe Amato, 2006-04 Through a dizzying array of references to subjects ranging from engineering to poetry on the job experiences in academia and industry conflicts between working class and intellectual labor the privatization of universities and the contradictions of the modern environment Joe Amato's Industrial Poetics mounts a boisterous call for poetry communities to be less invested in artistic self absorption and more concerned about social responsibility's Amato focuses on the challenges faced by American poets in creating a poetry that speaks to a public engineered into complacency by those industrial technologies practices and patterns of thought that we cannot seem to do without he brings readers face to face with the conflicting realities of U S intellectual academic and poetic culture Formally adventurous and rhetorically lively Industrial Poetics is best compared with the intellectually exploratory speculative risky polemical work of other contemporary poet critics including Kathleen Fraser Joan Retallack Bruce Andrews Susan Howe and Allen Grossman Amato uses an exhilarating range of structural and rhetorical strategies conventionally developed argument abruptly juxtaposed aphorisms personal narrative manifesto like polemic and documentary reportage With a critic's sharply analytical mind a poet's verve and a working class intellectual's sense of social justice Amato addresses the many nonliterary institutions and environments in which poetry is inextricably embedded By connecting poetry to industry in a lively demonstration against the platitudes and habitudes of the twentieth century Amato argues for a reenergized and socially forceful poetics an industrial poetics rough edges and all Jed Rasula writes I can't say I pay much attention to talk radio but this is what I imagine it might be like if the deejay were really smart enviably well read yet somehow retained the snarling moxie of the am format

**My Way** Charles Bernstein, 2010-03-15 Verse is born free but everywhere in chains It has been my project to rattle the chains from The Revenge of the Poet Critic In My Way in famous language poet and critic Charles Bernstein deploys a wide variety of interlinked forms speeches and poems interviews and essays to explore the place of poetry in American culture and in the university Sometimes comic sometimes dark Bernstein's writing is irreverent but always relevant not structurally challenged but structurally challenging Addressing many interrelated issues Bernstein moves from the role of the public intellectual to the poetics of scholarly prose from vernacular modernism to idiosyncratic postmodernism from identity politics to the resurgence of the aesthetic from cultural studies to poetry as a performance art

from the small press movement to the Web Along the way he provides close listening to such poets as Charles Reznikoff Laura Riding Susan Howe Ezra Pound Allen Ginsberg and Gertrude Stein as well as a fresh perspective on L A N G U A G E the magazine he coedited that became a fulcrum for a new wave of North American writing In his passionate defense of an activist innovative poetry Bernstein never departs from the culturally engaged linguistically complex yet often very funny writing that has characterized his unique approach to poetry for over twenty years Offering some of his most daring work yet essays in poetic lines prose with poetic motifs interviews miming speech speeches veering into song Charles Bernstein's My Way illuminates the newest developments in contemporary poetry with its own contributions to them The result of Bernstein's provocative groping is more stimulating than many books of either poetry or criticism have been in recent years Molly McQuade Washington Post Book World This book for all of its centrifugal activity is a singular yet globally relevant perspective on the literary arts and their institutions offered in good faith yet cranky and poignant enough to not be easily ignored Publishers Weekly Bernstein has emerged as postmodern poetry's sous chef of insouciance My Way is another of his rich concoctions fortified with intellect and seasoned with laughter Timothy Gray American Literature

**Attention Equals Life** Andrew Epstein, 2016 Poetry has long been thought of as a genre devoted to grand subjects timeless themes and sublime beauty Why then have contemporary poets turned with such intensity to documenting and capturing the everyday and mundane Drawing on insights about the nature of everyday life from philosophy history and critical theory Andrew Epstein traces the modern history of this preoccupation and considers why it is so much with us today Attention Equals Life argues that a potent hunger for everyday life explodes in the post 1945 period as a reaction to the rapid unsettling transformations of this epoch which have resulted in a culture of perilous distraction Epstein demonstrates that poetry is an important and perhaps unlikely cultural form that has mounted a response and even a mode of resistance to a culture suffering from an acute crisis of attention In this timely and engaging study Epstein examines why a compulsion to represent the everyday becomes predominant in the decades after modernism and why it has so often sparked genre bending formal experimentation With chapters devoted to illuminating readings of a diverse group of writers including poets associated with influential movements like the New York School language poetry and conceptual writing the book considers the variety of forms contemporary poetry of everyday life has taken and analyzes how gender race and political forces all profoundly inflect the experience and the representation of the quotidian By exploring the rise of experimental realism as a poetic mode and the turn to rule governed everyday life projects Attention Equals Life offers a new way of understanding a vital strain at the heart of twentieth and twenty first century literature It not only charts the evolution of a significant concept in cultural theory and poetry but also reminds readers that the quest to pay attention to the everyday within today's frenetic world of and social media is an urgent and unending task
