## Persian Girls :

Persian Girls Nahid Rachlin, 2007-12-27 For many years heartache prevented Nahid Rachlin from turning her sharp novelist's eye inward to tell the story of how her own life diverged from that of her closest confidante and beloved sister Pari. Growing up in Iran both refused to accept traditional Muslim mores and dreamed of careers in literature and on the stage. Their lives changed abruptly when Pari was coerced by their father into marrying a wealthy and cruel suitor. Nahid narrowly avoided a similar fate and instead negotiated with him to pursue her studies in America. When Nahid received the unsettling and mysterious news that Pari had died after falling down a flight of stairs she traveled back to Iran now under the Islamic regime to find out what happened to her truest friend, confront her past and evaluate what the future holds for the heartbroken in a tale of crushing sorrow, sisterhood and ultimately hope. *Revival: The Pageant of Persia (1937)* Henry Filmer, 2018-03-29 It is the dawn of history and of the dispersion of the Indo-European peoples. They are breaking their tents in central Asia along the Hindu Kush and the Pamirs, primitive Aryans with their dogs and their herds of domesticated animals. In their trek they will proceed to the farthest confines of Europe. From them the peoples of England, France, Germany, Italy, Spain, Scandinavia, Russia, Greece and others will take their origin. A part will penetrate into India and another portion into Persia. They will build empires and munitions factories, cathedrals and cabarets. Some, less simple-minded, the Kurds, Lurs and Bakhtiaris, will maintain in Persia their primitive character into the twentieth century. With them in their dispersion the Aryans carry the sacred fire which they have worshiped since they became acquainted with its use. It was man's first great step in the mastery of nature. The memory of its aid will be consecrated in one of the world's great religions; its flame will never be extinguished on the great Iranian plateau, the museums of religions. **Anti-Veiling Campaigns in the Muslim World** Stephanie Cronin, 2014-04-24 In recent years bitter controversies have erupted across Europe and the Middle East about women's veiling and especially their wearing of the face veil or niqab. Yet the deeper issues contained within these controversies—secularism versus religious belief, individual freedom versus social or family coercion, identity versus integration—are not new but are strikingly prefigured by earlier conflicts. This book examines the state-sponsored anti-veiling campaigns which swept across wide swathes of the Muslim world in the interwar period, especially in Turkey and the Balkans, Iran, Afghanistan and the Soviet republics of the Caucasus and Central Asia. It shows how veiling was officially discouraged and ridiculed as backward and although it was rarely banned, veiling was politicized and turned into a rallying point for a wider opposition. Asking a number of questions about this earlier anti-veiling discourse and the policies flowing from it and the reactions which it provoked, the book illuminates and contextualizes contemporary debates about gender, Islam and modernism. **Women, Religion and Culture in Iran** Sarah Ansari, Vanessa Martin, 2014-05-01 Investigates how women, religion and culture have interacted in the context of 19th and 20th century Iran, covering topics as seemingly diverse as the social and cultural history of Persian cuisine, the work and attitudes of 19th century Christian missionaries, the impact of

**Discourses of Denial** Yasmin Jiwani, 2011-11-01 Canada prides itself on being a tolerant and inclusive culture enriched by its official policies of multiculturalism gender equality and human rights Lulled into complacency by these national maxims the public is occasionally shocked by glaring acts of racist and sexist violence brought to their attention by the sensationalist media But nobody pauses to consider the historical antecedents and root causes of these tragedies Discourses of Denial uncovers how racism sexism and violence interweave deep within the foundations of our society Using examples from the lives of immigrant girls and women of colour Yasmin Jiwani considers the way accepted definitions of race and gender shape and influence public consciousness With a perspective both academic and activist she exposes how media representations of violence serve the status quo and fail to tell the whole story about racialized and gendered inequalities In linking race gender and violence Discourses of Denial makes an important contribution to our understanding of the complex and interconnected influences that shape the violence of contemporary social reality and that contour the lives of racialized women This book is of particular relevance to readers interested in the intersection of race gender and violence in our increasingly mediated society
