Philosophy And Social Hope Richard M Rorty:

Philosophy and Social Hope Richard Rorty, 1999-08-26 Richard Rorty is one of the most provocative figures in recent philosophical literary and cultural debate. This collection brings together those of his writings aimed at a wider audience many published in book form for the first time. In these eloquent essays, articles and lectures Rorty gives a stimulating summary of his central philosophical beliefs and how they relate to his political hopes; he also offers some challenging insights into contemporary America justice, education and love.

The Rorty Reader Christopher J. Voparil, Richard J. Bernstein, 2010-08-09 The first comprehensive collection of the work of Richard Rorty (1931–2007). The Rorty Reader brings together the influential American philosopher's essential essays from over four decades of writings. Offers a comprehensive introduction to Richard Rorty's life and body of work. Brings key essays published across many volumes and journals into one collection including selections from his final volume of philosophical papers, *Philosophy as Cultural Politics* (2007). Contains the previously unpublished in English essay, "Redemption from Egotism". Includes in-depth interviews and several revealing autobiographical pieces. Represents the fullest portrait available today on Rorty's relationship with American pragmatism and the trajectory of his thought.

Die Unbestimmtheit des Sozialen Georg Vielmetter, 1998 **Hermeneutics** Anthony C. Thiselton, 2009-10-09 Anthony Thiselton here brings together his encyclopedic knowledge of hermeneutics and his nearly four decades of teaching on the subject to provide a splendid interdisciplinary textbook. After a thorough historical overview of hermeneutics Thiselton moves into modern times with extensive analysis of scholarship from the mid twentieth century including liberation and feminist theologies, reader response and reception theory and postmodernism. No other text on hermeneutics covers the range of writers and subjects discussed in Thiselton's *Hermeneutics*.

Esposito,2012-06-14 The political project of pragmatism has focused primarily on its defense of democracy as the best political system to maintain and improve human well being over lifetimes and generations Pragmatism Politics and Perversity Democracy and the American Party Battle describes this project of Peirce Dewey Hook and Rorty and combines it with Charles Beard s study of the party battle as the

most determinative influence upon American democracy. The book updates and confirms Beard's hypothesis that the history of the party battle is a chronicle of perverse schemes and self-inflicted wounds the most salient to date being the American Civil War because it reflects a ceaselessly disruptive contest over the creation of two largely incompatible political states nation state and market state. The book supports its thesis with detailed historical accounts of the formation of the Constitution and early federal judiciary the sedition trials and political schemes of the 1790s the frustration of market state Whigs to attract white working class voters by exploiting their religious identities the reckless machinations of Whig Republicans in precipitating a national crisis over a contrived threat of oligarchy and white slavery and the ideological oscillations of the Supreme Court from market state to nation state jurisprudence and back again To reduce perversity in political rhetoric and free up pragmatic democratic practices the book proposes a robust neo-Madisonian view of free speech where political actors and their surrogates are not only free to speak and write but are also obligated to explain, retract and revise what they have said and written *Audiovisuelle Rhetorik als politische Intervention* Jasper Stratil, 2024-05-24

Religiosität als Qualität des Säkularen Annette Pitschmann, 2017-10-18 Back cover In seiner Religionstheorie beansprucht John Dewey zu zeigen dass Religiosität recht verstanden auf Voraussetzungen beruht die ebenso allgemein zugänglich sind wie die Prinzipien des säkularen Lebens Annette Pitschmann untersucht Deweys Entwurf ausgehend von der Annahme dass er den gegenwärtigen Diskurs über die Rolle der Religion in der demokratischen Öffentlichkeit zu beleben vermag
