Sandhu, 2007-10-22 Angie Sandhu examines the relation between intellectuals and society through political theory and a consideration of contemporary debates in both Britain and the US She sets out a new argument that calls for intellectuals to address their own elite locations in society by challenging notions of intellectual difference and autonomy Old Ways, New People Tim Ingold, 2025-02-27 In this second and retitled edition of Anthropology and as Education Tim Ingold shows that there is more to anthropology than ethnography and more to education than teaching and learning Building on the first edition s exploration of the interface between the disciplines of anthropology and education this revised edition pushes the bounds further calling upon anthropologists to rethink their disciplinary vocation by regarding it as fundamentally an educational rather than an ethnographic endeavour What does a reimagining of anthropology mean for the ways we think about study and the school teaching and learning and the freedoms they exemplify And how does it bear on the practices of participation and observation on ways of study in the field and in the school on art and science research and teaching This edition has been revised and expanded throughout and includes a major new chapter on how the educational mission of anthropology can shape the university of the future This book will appeal to all who are seeking alternatives to mainstream agendas in social and educational policy including educators and students in philosophy the social sciences educational psychology environmentalism and arts practice
