und Wohlbefinden gelangen The Art and Craft of Policy Advising David Bromell, 2017-02-25 This book offers a practical guide for policy advisors and their managers grounded in the author's extensive experience as a senior policy practitioner in central and local government Effective policy advising does not proceed in cycles or neatly ordered stages and steps but is first and foremost a relationship built on careful listening knowing one's place in the constitutional scheme of things becoming useful and winning the confidence of decision makers The author introduces readers to a public value approach to policy advising that uses collective thinking to address complex policy problems evidence informed policy analysis that factors in emotions and values and the practice of gifting and gaining rather than trade offs in collaborative governing for the long term Theory is balanced with practical illustration and processes tools and techniques helping readers master the art of communicating what decision makers need to hear as well as what they want to hear **The Oxford Handbook of Energy and Society** Dr. Debra J. Davidson, Dr. Matthias Gross, 2018-07-11 The Oxford Handbook of Energy and Society presents an overview of this expanding area that has evolved dramatically over the past decade away from one largely dominated by structural political economic treatments on the one hand and social psychological studies of individual level attitudes and behaviors on the other toward a far more conceptually and methodologically rich and exciting field that brings in for example social practices system complexity risk theory social studies of science and social movements theories This volume seeks to capture the variety of scales and methods and range of both conceptual and empirical analyses that define the field while drawing particular attention to indigenous peoples poverty political power communities and cities Organized into seven sections chapters cover social theory and energy society relations political economic perspectives consumption dynamics energy equity and energy poverty energy and publics energy and governance as well as emerging trends Europäische Asylpolitik und lokales Verwaltungshandeln Christian Lahusen, Karin Schittenhelm, Stephanie Schneider, 2022-09-22 Der Ruf nach einer koordinierten Asylpolitik wird angesichts der ungleichen Bedingungen die Geflüchtete vor und in Europa vorfinden immer lauter In diesem Sinne arbeitet die Europäische Union seit Jahren an einem Gemeinsamen Europäischen Asylsystem das gerade auch das Verwaltungshandeln vor Ort verändern soll Dieser Band stellt die Ergebnisse einer Forschungsstudie vor die das praktische Arbeiten in deutschen und schwedischen Asylbehörden vergleichend untersucht Im Fokus stehen der behördliche Umgang mit den Vorgaben der europäischen Asylpolitik das Ausmaß einer Europäisierung des lokalen Verwaltungshandelns und die Schwierigkeiten einer grenzüberschreitenden Verwaltungskooperation **Working-Class Schooling in Post-Industrial Britain** Alex McInch, 2022-03-30 Providing a historical development of the UK education system and its policies Alex McInch offers insight on how structural decisions impact how working class pupils view and navigate the educational field **Musical Vulnerability** Elizabeth H. MacGregor, 2024-12-24 Since the early twenty first century music education across the world has been shaped by neoliberal discourse extolling the benefits of music upon academic achievement health and wellbeing and social development However such benefits are far from universal on the

contrary music making often reveals our shortcomings and dependencies This highlights an urgent need for music education to be reframed by an understanding of musical vulnerability our inherent and situational openness to being affected by the semantic and somatic properties of music making Drawing on existing vulnerability studies this book evaluates how musicmaking can foster both positive receptivity and negative susceptibility depending on its delineation of self identity social identity and space and its embodiment through aural receptivity mimetic participation and affective transmission Through phenomenological ethnographic research with teachers and pupils it exposes how values espoused in the music classroom require the personal and interpersonal negotiation of conflicting musical expectations identities and abilities It makes recommendations for music education policymakers teachers and researchers in diverse global contexts suggesting the importance of developing pedagogies of vulnerability in order to foster caring classroom music making praxes that acknowledge music s capacity both to heal and to harm

Regression Modelling with Spatial and Spatial-Temporal Data  
Robert P. Haining, Guangquan Li, 2020-01-27

Modelling Spatial and Spatial Temporal Data A Bayesian Approach is aimed at statisticians and quantitative social economic and public health students and researchers who work with spatial and spatial temporal data It assumes a grounding in statistical theory up to the standard linear regression model The book compares both hierarchical and spatial econometric modelling providing both a reference and a teaching text with exercises in each chapter The book provides a fully Bayesian self contained treatment of the underlying statistical theory with chapters dedicated to substantive applications The book includes WinBUGS code and R code and all datasets are available online Part I covers fundamental issues arising when modelling spatial and spatial temporal data Part II focuses on modelling cross sectional spatial data and begins by describing exploratory methods that help guide the modelling process There are then two theoretical chapters on Bayesian models and a chapter of applications Two chapters follow on spatial econometric modelling one describing different models the other substantive applications Part III discusses modelling spatial temporal data first introducing models for time series data Exploratory methods for detecting different types of space time interaction are presented followed by two chapters on the theory of space time separable without space time interaction and inseparable with space time interaction models An applications chapter includes the evaluation of a policy intervention analysing the temporal dynamics of crime hotspots chronic disease surveillance and testing for evidence of spatial spillovers in the spread of an infectious disease A final chapter suggests some future directions and challenges
