

# Solutions to deforestation

We can limit deforestation and its effects.

## Eat less meat and buy sustainable products

Reducing beef consumption by 20% could halve deforestation in the next 30 years. Purchasing sustainable products also minimizes deforestation.

## Give indigenous people control of forests

Deforestation is more cost-efficient, and rates are 20% lower where Indigenous people are in charge of the land.

## Regulate supply chains for sustainability

40% of tropical deforestation results from the trade of commodities. Making those supply chains sustainable will limit deforestation.

## Sustainable forest management

Following a globally recognized certification standard like FSC helps promote sustainable forest management.

Catanese,2019-04-03 In 1981 I was asked

by some DePauw University students to serve as faculty adviser for a group planning to work in rural Haiti during the nearly month long interim term I accepted the offer for several reasons I had enjoyed being the faculty adviser for two previous work projects in Guatemala and Jamaica I had found the experience was educationally valuable for undergraduates and I could use it to enhance classroom learning during the semester In addition the experience of living and working in a radically different environment was intellectually stimulating for me as a social scientist interested in welfare economics Finally because such volunteer projects were rare in the early 1980s I realized the opportunity should not be passed up It was a chance to see a part of the world I had heard of but knew little or nothing about except from accounts found in newspaper and magazine articles      *Individuals and Societies for the IB MYP 1* Paul Grace,2016-08-22 Exam Board IB Level MYP
