## **Pratap Subramanyam Investment Banking:**

**NISM's Merchant Banking - Provides a basic understanding of capital market functions, the processes involved in various functions of registered Merchant Bankers and the regulatory environment** NISM (An Educational Initiative of SEBI),2023-07-24 This book covers all important topics of the functioning of merchant bankers This book also covers knowledge competencies related to understanding the financial structure in India and the importance of the different rules and regulations governing the Indian securities market The coverage of the book is as follows Basic understanding of the Indian securities markets Various terminologies used in the issue management process The process of issue management and underwriting general obligations and due diligence to be taken care of during the issue management process The role of merchant bankers in acquisitions takeovers buyback of securities disinvestment etc This book will be handy for all those who want to learn about the various functional aspect of Merchant Bankers It will also be helpful for the following persons involved in or dealing with The investors issuers or clients of intermediaries Assets or funds of investors or clients Redressal of investor grievances Activities have a bearing on operational risk Maintain books and records pertaining to the above activities The Present Publication is the May 2023 workbook version published exclusively by Taxmann for NISM Certification Examination IX Merchant Banking The contents of the book are as follows Introduction to Capital Market Introduction to the Merchant Banking Registration Code of Conduct General Obligations of Merchant Bankers in India Issue Management Important Terms Issue Management Process and Underwriting Issue Management General Obligations of Merchant Bankers and Due Diligence Other Merchant Banking Activities Mergers Acquisitions Takeovers Other Merchant Banking Activities Disinvestment Buyback of Equity Shares **The Management Accountant** ,2007 Finance India ,2005 **Bank Quest** ,2005 *Infrastructure Financing in India* Kumar V Pratap,Manshi Gupta,2023-12-07 Governments the world over want to spend more on infrastructure the benchmark for developing countries is 7 8% of GDP per annum to lay the foundation for sustained and inclusive growth India is no exception It realizes that more needs to be spent on infrastructure for the country to regain its position as the fastest growing large economy in the world While India spent about 7 2% of its GDP on infrastructure during the Eleventh Plan period 2008 12 this number has recently come down to approximately 5% The backdrop of the book is the ambitious National Infrastructure Plan NIP the Task Force report on the NIP was finalized in April 2020 Since infrastructure investment is crucial to faster and inclusive growth it is timely that the NIP is actioned now given that the Indian economy contracted to 7 3% in the financial year 2020 21 This book discusses various aspects of infrastructure financing in detail with a major section devoted to green financing of infrastructure *The Service Sector in India's Development* Gaurav Nayyar,2012-05-28 This book analyzes the Indian service sector s heterogeneity Unlike the few other books in the area this analysis uses hitherto unutilized data bases more rigorous methods and examines some unexplored questions **Regulation in India: Design, Capacity, Performance** Devesh

Kapur, Madhav Khosla, 2019-04-04 The rise of the regulatory state has been a major feature of modern constitutional democracies India the world's largest democracy is no exception to this trend This book is the first major study of regulation in India It considers how the development of regulation in India has altered the nature and functions of the state how it is reshaping the relationship between business and the state how it has called for the refashioning of established legal principles and how it has raised new questions about the relationship between technical expertise and the rule of law The chapters cover topics ranging from the foundations of the Indian regulatory state to the form of regulation across different sectors to regulation in practice Together the chapters reveal the challenges promise and limitations offered by contemporary regulatory practices and they capture the close if sometimes fraught relationship that regulation must inevitably share with the political economy and constitutional schema within which it operates *India* Arvind

Panagariya, 2008-03-03 India is not only the world's largest and fiercely independent democracy but also an emerging economic giant But to date there has been no comprehensive account of India's remarkable growth or the role policy has played in fueling this expansion India The Emerging Giant fills this gap shedding light on one of the most successful experiments in economic development in modern history Why did the early promise of the Indian economy not materialize and what led to its eventual turnaround What policy initiatives have been undertaken in the last twenty years and how do they relate to the upward shift in the growth rate What must be done to push the growth rate to double digit levels To answer these crucial questions Arvind Panagariya offers a brilliant analysis of India's economy over the last fifty years from the promising start in the 1950s to the near debacle of the 1970s when India came to be regarded as a basket case to the phenomenal about face of the last two decades The author illuminates the ways that government policies have promoted economic growth or in the case of Indira Gandhi's policies economic stagnation and offers insightful discussions of such key topics as poverty and inequality tax reform telecommunications perhaps the single most important success story agriculture and transportation and the government's role in health education and sanitation The dramatic change in the fortunes of 1.1 billion people has not surprisingly generated tremendous interest in the economy of India Arvind Panagariya offers the first major account of how this has come about and what more India must do to sustain its rapid growth and alleviate poverty It will be must reading for everyone interested in modern India foreign affairs or the world economy Investment Banking

Pratap G. Subramanyam, 2013 **UPPCS (J) Prelims PYP E-Books: Download GK 16 Oct 2016 PYPs Here** Testbook, The UPPCS J PYP E Book contains all the important questions from the previous year's papers Candidates can get questions from all imp sections like General Awareness etc from 16 Oct 2016 exam **State-permeated Capitalism in Large**

**Emerging Economies** Andreas Nölke, Tobias ten Brink, Christian May, Simone Claar, 2019-08-30 This book systematically analyzes the economic dynamics of large emerging economies from an extended Comparative Capitalisms perspective Coining the phrase state permeated capitalism the authors shift the focus of research from economic policy alone towards

the real world of corporate and state behaviour On the basis of four empirical case studies Brazil India China South Africa the main drivers for robust economic growth in these countries from the 2000s until the 2010s are revealed These are found in particular in mutual institutional compatibilities of state permeated capitalism in their large domestic markets and beneficial global economic constellations Differences in their institutional arrangements are explored to explain why China and India have been more economically successful than Brazil and South Africa The authors highlight substantial challenges for the stability of state permeated capitalism and assess the potential future growth sustainability and likely pitfalls for these large emerging economies Opening further avenues for empirical and theoretical research this book raises questions for the future of the global economic order and should appeal to academics graduate students and advanced undergraduates in politics economics economic sociology and development studies It should also prove a worthwhile and provocative read for development practitioners and policy makers
