 Australia Shu Zhang,Jie Luo,Peng Guo,2025-02-04 This book adopts a comparative and empirical approach to the discussion
 relating to the subject matter The book compares various selected topics in both China and Australia drawing attention to
 historical contemporary and international characteristics Also in discussing the topics the authors will conduct surveys and
 interviews to get first hand materials and describe the real situations in both countries To the best knowledge of the authors
 this is the first time that this approach has been adopted to compare legal education and the legal profession focusing on
 China and Australia This book introduces legal education and the legal profession in China and Australia to lay a foundation
 based on which it further compares them More importantly this book discusses some selected topics relating to legal
 education and the legal profession in the context of globalization the digital age and COVID 19 The intended readership is an
 international audience including students at both undergraduate and graduate levels legal scholars and legal practitioners in
 general and those in China and Australia in particular This book intends to analyse the discourse of legal education and
 identify and create innovative ways of teaching and learning the law in China and Australia It focuses on research theory and
 practice within legal education and the legal profession based on imaginative and sophisticated educational thinking from an
 empirical and comparative perspective It also takes a broad view of theory and practice relating to legal education and the
 legal profession It is sensitive to the diversity of contexts in which law is taught learned and practised **Q&A Business

Real Estate Questions and Answers Israel M. Flapan, 1928 Modern Criminal Law of Australia Jeremy Gans, 2012
Modern Criminal Law of Australia is a guide to interpreting and understanding statutory offence provisions in every Australian jurisdiction It covers the common law traditional code and model code systems and includes examples from all states This unique book provides students with the skills to practise law anywhere in Australia **Animal Property Rights**
John Hadley, 2015-08-14 Animal Property Rights A Theory of Habitat Rights for Wild Animals represents the first attempt to extend liberal property rights theory across the species barrier to animals It broadens the traditional focus of animal rights beyond basic rights to life and bodily integrity to rights to the natural areas in which animals reside John Hadley argues that both proponents of animal rights and environmentalists ought to support animal property rights because protecting habitat promotes ecological values and helps to ensure animals live free from human interference Hadley's focus is pragmatist he locates animal property rights within the institution of property as it exists today in liberal democracies He argues that attempts to justify animal property rights on labor and first occupancy grounds will likely fail instead he grounds animal property rights upon the importance of habitat for the satisfaction of animals basic needs The potential of animal property rights as a way of reinvigorating existing public policy responses to the problem of biodiversity loss due to habitat destruction is thoroughly explored Using the concept of guardianship for cognitively impaired human beings Hadley translates habitat rights as a right to negotiate human guardians ought to be allowed to negotiate on behalf of wild animals with human landholders whose development activities put animals at risk In addition to a theory of animal property rights Animal Property Rights affords a critique of Donaldson and Kymlicka's wild animal sovereignty theory a defence of indirect approaches to animal rights an extensive discussion of euthanasia as a therapeutic hunting tool and the first discussion of Locke's theory of original acquisition in animal rights literature *Revise HSC Legal Studies in a Month* Belinda Brassil, 2001 **Literary Characters in Intellectual Property Law** Jani McCutcheon, 2023-03-02 This ground breaking book critically interrogates how literary characters are regulated under copyright moral rights and trademark law challenging important foundations that underscore engagement with literary characters Using interesting examples and referencing literary theory Literary Characters in Intellectual Property Law offers an in depth exploration of both the law and the diverse and conflicting interests that are impacted by literary character appropriation incorporating the perspectives of owners authors appropriators and consumers **Critical Legal Education as a Subversive Activity** Helen Gibbon, Ben Golder, Lucas Lixinski, Marina Nehme, Prue Vines, 2015-10-16 In an age when everyone aspires to teach critical thinking skills in the classroom what does it mean to be a subversive law teacher Who or what might a subversive law teacher seek to subvert the authority of the law the university their own authority as teachers perhaps Are law students ripe for subversion

agents of or impediments to subversion Do they learn to ask critical questions Responding to the provocation in the classic book Teaching as a Subversive Activity by Postman and Weingartner the idea that teaching could or even should be subversive still holds true today and its premise is particularly relevant in the context of legal education We therefore draw on this classic book to discuss in the present volume the consideration of research into legal education as lifetime learning as creating meaning as transformative and as developing world changing thinking within the legal context The volume offers research into classroom experiences and theoretical and historical interrogations of what it means to teach law subversively Primarily aimed at legal educators and doctoral students in law planning careers as academics its insights speak directly to tensions in higher education more broadly
