Department of Defense Authorization for Appropriations for FY 2013,...Part 7, Mar. 14, 21, 28; April 25, 2012, 112-2 Hearings, *,2013 **Mazarin's Quest** Paul Sonnino,2008-11-30 In a provocative study Paul Sonnino examines the diplomatic negotiations that took place in Westphalia from 1643 to 1648 which brought an end to the agonizing civil and religious conflict of the Thirty Years War Sonnino steps back from myriad historical readings of Westphalia to take the diplomats intentions and interactions strictly on their own terms He places the reader alongside the pivotal figure of French minister Jules Cardinal Mazarin as he maneuvers for gain The narrative thus offers a firsthand experience of the negotiations as they played out as well as a penetrating look into the character personality and ideas of the crafty cardinal Although Mazarin acquired the province of Alsace making him a hero to French nationalists he had a much more successful peace within his grasp but lost it when he insisted on annexing the Spanish Low Countries Sonnino also offers a new interpretation of the origins of the Fronde linking the French domestic revolt to foreign policy in Mazarin s failure to secure peace with Spain Based on unprecedented archival documentation Mazarin s Quest provides an original and illuminating look at one of the most complicated diplomatic gatherings of all time **Current Science** ,1988 **Accounting for Ethnic and Racial Diversity** Patrick Simon,Victor Piché,2013-08-21 By the end of the 20th century the ethnic question had resurfaced in public debate Every country had been affected by what is commonly known as cultural pluralism as a result of conflicts interpreted from an ethnic perspective for instance in the Balkans and central Africa nationalist struggles such as the Basque country Quebec and Belgium and demands for recognition and political representation by new ethnic minorities This resurgence or extension of the salience of ethnicity in most of the societies around the world can now be found not only in public discourse policy making scientific literature and popular representation but also in the pivotal realm of statistics This volume explores the ethnic and racial classification in official statistics as a reflection of the representations of population and as an interpretation of social dynamics through a different lens Spanning all continents a wide range of international authors discuss how ethnic and racial classifications are built their lack of accuracy and their contribution to the representation of ethnic and racial diversity of multicultural societies This book was originally published as a special issue of Ethnic and Racial Studies A.I.D.
