[Fascism and Theatre](#) Günter Berghaus, 1996-05-01 Since the 1920s an endless flow of studies has analyzed the political systems of fascism theseizure of power the nature of the regimes the atrocities committed and finally the wars waged against other countries However much less attention has been paid to the strategies of persuasion employed by the regimes to win over the masses for their cause Among these fascist propaganda has traditionally been seen as the key means of influencing public opinion Only recently has the fascination with Fascism become a topic of enquiry that has also formed the guiding interest of this volume it offers for the first time a comparative analysis of the forms and functions of theater in countries governed by fascist or para fascist regimes By examining a wide spectrum of theatrical manifestations in a number of States with a varying degree of fascistization these studies establish some of the similarities and differences between the theatrical cultures of several cultures in the interwar period

Futurism and Politics Gunter Berghaus, 1996-04-15 Futurism was the state of the Fascist regime this is the view one encounters in most books written on Futurist art and literature Whilst there can be no doubt about Futurist involvement with the founding of the fascist movement little is known about the internal relationship between Futurists and Fascists in the years 1918 22 nor about the reasons for the Futurists departure from the Fascist movement in 1920 or about Futurist opposition to and even armed

struggle against the Fascist regime after 1924 Whilst the public documents testifying to Futurist support of Mussolini are well known little has been written about Futurist anti fascism camouflaged as official adherence to the regime This study based primarily on unknown or unpublished documents discovered in state archives and private collections presents a new and far more complex picture of the relationship of the two movements than has previously been shown by critics and historians
