Volume 2 Dragon Age: Blue Wraith Nunzio DeFilippis, Christina Weir, 2020-09-01 A group of Inquisition agents pursue the deadly elven warrior Fenris in this new chapter from the world of BioWare's dark fantasy RPG. From the video game developer of genre-defining roleplaying games such as Baldur's Gate, Star Wars Knights of the Old Republic, and Mass Effect comes a canonical continuation of stories begun in the multiple game of the year award-winning Dragon Age Inquisition. The power of the substance known as red lyrium is as dark as it is devastating, and a mysterious weapon containing a frightening amount of it is about to fall into the wrong hands. Enter knight Ser Aaron Hawthorne, elven thief Vaea, the magekillers Tessa Forsythia and Marius, and fledgling con artist Calix Pryde, a motley team of Inquisition agents whose task it is to recover the lyrium artifact before it's too late. In order to do so, fellow agent Varric Tethras directs them to recruit one more to their party, a former associate from Kirkwall, Fenris. However, as the team quickly discovers, this legendary fighter has an agenda of his own, and convincing him to join their cause will be no small feat.

Collects Dragon Age: Blue Wraith 1-3 *Women and Video Game Modding* Bridget Whelan, Matthew Wilhelm Kapell, 2020-01-17 The world of video games has long revolved around a subset of its player base: straight white males aged 18-25. Highly gendered marketing in the late 1990s and early 2000s widened the gap between this perceived base and the actual diverse group who buy video games. Despite reports from the Entertainment Software Association that nearly half of gamers identify as female, many developers continue to produce content reflecting this imaginary audience. Many female gamers are in turn modifying the games: modders alter the appearance of characters, rewrite scenes, and epilogues, enhance or add love scenes, and create fairy tale happy endings. This is a collection of new essays on the phenomenon of women and modding, focusing on such titles as Skyrim, Dragon Age, Mass Effect, and The Sims. Topics include the relationship between modders and developers, the history of modding, and the relationship between modding and disability, race, sexuality, and gender identity.

Magical/Realism Vanessa Angélica Villarreal, 2024-05-14 Longlisted for the National Book Award, Longlisted for the 2024 National Book Critics Circle Award for Criticism, Shortlisted for the Reading the West Book Award in Memoir. A brilliant, singular collection of essays that looks to music, fantasy, and pop culture from Beyoncé to Game of Thrones to excavate and reimagine what has been disappeared by migration and colonialism. Upon becoming a new mother, Vanessa Angélica Villarreal was called to Mexico to reconnect with her ancestors and recover her grandmother's story, only to return to the sudden loss of her marriage, home, and reality. In *Magical Realism*, Villarreal crosses into the erasure of memory and self, fragmented by migration, borders, and colonial and intimate violence, reconstructing her story with pieces of American pop culture and the music, video games, and fantasy that have helped her make sense of it all. The border between the real and imagined is a speculative space where we can remember or reworld what has been lost, and each chapter engages in this essential project of world building. In one essay, Villarreal examines her own gender performativity through Nirvana and Selena; in another, she offers a radical but crucial racial reading of Jon Snow in Game of Thrones, and throughout the collection, she explores how fantasy can help us interpret

and heal when grief feels insurmountable She reflects on the moments of her life that are too painful to remember her difficult adolescence her role as the eldest daughter of Mexican immigrants her divorce and finds a way to archive her history and map her future with the hope and joy of fantasy and magical thinking Magical Realism is a wise tender and essential collection that carves a path toward a new way of remembering and telling our stories broadening our understanding of what memoir and cultural criticism can be

Women in Gaming: 100 Professionals of Play Meagan Marie, 2018-12-04 Women in Gaming 100 Professionals of Play is a celebration of female accomplishments in the video game industry ranging from high level executives to programmers to cosplayers This insightful and celebratory book highlights women who helped to establish the industry women who disrupted it women who fight to diversify it and young women who will someday lead it Featuring household names and unsung heroes each individual profiled is a pioneer in their own right Key features in this book include 100 Professionals of Play Interviews and Special Features with 100 diverse and prominent women highlighting their impact on the gaming industry in the fields of design programming animation marketing voiceover and many more Pro Tips Practical and anecdotal advice from industry professionals for young adults working toward a career in the video game industry Essays Short essays covering various topics affecting women in gaming related careers including Difficult Women The Importance of Female Characters Who Go Beyond Being Strong NPC On Being Unseen in the Game Dev Community and Motherhood and Gaming How Motherhood Can Help Rather Than Hinder a Career A Day in the Life of Features An inside look at a typical day in the gaming industry across several vocations including a streamer a voice actor and many more
