Federal Communications Commission Reports United States. Federal Communications Commission, 1979 **Federal Communications Commission Reports. V. 1-45, 1934/35-1962/64; 2d Ser., V. 1- July 17/Dec. 27, 1965-.** United States. Federal Communications Commission, **The New Testament Plan of Christian Finance. Read ... at the Conference of the Evangelical Alliance ... August 23, 1867. Third Edition** John ROSS (Congregationalist Minister.), 1874 The Urantia Book Urantia Foundation, 2008-06-01 Written in the form of a revelation from divine beings the classic guide to expanding consciousness presents texts discussing God the universe angels and other beings the history of the world the development of civilization personal spiritual growth and the life and teachings of Jesus **Gospel Gospel** Louis J. Bartolomeo, 2006 Gospel Gospel is an expanded biography of Jesus of Nazareth This book dares to fill in the gaps of Joshua ben Joseph s life *Jesurian Bible* The Jesus Books, 2017-01-02 Almost the whole of the New Testament is devoted not to the portrayal of the significant and inspiring religious life of Jesus but to a discussion of Paul s religious experience and to a portrayal of his personal religious convictions The only notable exceptions to this statement aside from certain parts of Matthew Mark and Luke are the Book of Hebrews and the Epistle of James Even Peter in his writing only once reverted to the personal religious life of his Master The New Testament is a superb Christian document but it is only meagerly Jesurian Divine Accounting Jennifer A. Quigley, 2021-06-08 A nuanced narrative about the intersections of religious and economic life in early Christianity The divine was an active participant in the economic spheres of the ancient Mediterranean world Evidence demonstrates that gods and goddesses were represented as owning goods holding accounts and producing wealth through the mediation of religious and civic officials This book argues that early Christ followers also used financial language to articulate and imagine their relationship to the divine Theo economics intertwined theological and economic logics in which divine and human beings regularly transact with one another permeate the letters of Paul and other texts connected with Pauline communities Unlike other studies which treat the ancient economy and religion separately Divine Accounting takes seriously the overlapping of themes such as poverty labor social status suffering cosmology and eschatology in material evidence from the ancient Mediterranean and early Christian texts **Ordinary People, Extraordinary Power** John Eckhardt, 2010-11-02 How did the early church grow so quickly How can we replicate that success today The early church gives us the perfect example of how a small group of committed Christians can affect their communities and change the world The apostles brought a change to the way the people of God lived Wherever they went what they believed transformed the culture In Ordinary People Extraordinary Power John Eckhardt helps you understand the purpose and function of today s spiritual apostles Using examples from Jesus and the early church Eckhardt shows you God s strategy for the apostolic and the biblical foundation for its use and pattern You will discover The characteristics of the apostle The proper role and function of the apostolic The ways God uses this gift in the world today Apostles are pioneers

They preach and teach the culture of the kingdom of God a kingdom of love humility power authority and service Through training teaching discipleship and relationship God begins to empower individuals by the Holy Spirit in preparation for greater service Our world needs people willing to break free from religion and tradition and be activated to heal deliver prophesy preach and demonstrate God s kingdom It is time to put the apostolic back in the church **The British Study Edition of the Urantia Papers Book [A4 PDF]** , *Civic Politics in the Rome of Urban VIII* Laurie Nussdorfer,2019-04-23 In this colorful depiction of daily political life in Baroque Rome Laurie Nussdorfer argues that the lay persons managed to sustain a civic government under the increased papal absolutism of Urban VIII 1623 1644 who oversaw both sacred and secular life Focusing on the S P Q R the Senate and the Roman People which was ministered from the capitoline Hill she shows that it provided political representation for lay members of the urban elite carried out the work of local government and served as a symbol of the Roman voice in public life Through a detailed study of how civic authorities derived their sense of legitimacy and how lay subjects maneuvered in informal and disguised ways to block or criticize the papal regime the author advances a new way of conceiving politics under an absolute ruler As Nussdorfer analyzes the complex interactions between the lay administration and Urban VIII and his family the papal administration and Romans of the upper and lower classes she also provides fresh insights into the actual practice of early modern government She takes the plague threat of the early 1630s the War of Castro 1641 1644 and the interregnum following the pope s death as important test cases of the state s power in times of crisis Laurie Nussdorfer is Assistant Professor of History and Letters at Wesleyan University Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Renaissance Papacy 1400-1600** Nelson Minnich,2025-02-03 After having been weakened by the Great Western Schism the papacy recovered its leadership position during the Renaissance It expanded and reformed its bureaucracy gained control over councils and cardinals and established its authority over the Papal States and the city of Rome which it developed and beautified The papacy also negotiated working relationships with civil rulers through concordats and resident nuncios worked to defend Christendom from Muslim conquest sought to bring the Eastern churches into unity with Rome promoted the expansion of Christendom through missions tried to suppress heresies and clarify Catholic doctrine and removed many abuses To a remarkable degree it succeeded **Poverty, Money, and Ecology as Pillars of Pope Francis' Pontificate (2013-2019)** Pablo Alberto Baisotti,2021-11-01 This book will deal with arguments that analyze the Vatican policies of Francis during the first seven years of his pontificate in relation to some of the most urgent questions concerning humanity migrants and refugees the

economy and ecology The logical choice of the time period for this work is given by Jorge Bergoglio's ascent to the chair of St Peter until the end of 2019 That is why there is an interrelationship between history and the present since it is written in part as his apostolic journeys interventions diplomatic actions and discourses are carried out To this is added an important quantity of writings of his authorship as well as of some of his predecessors in order to frame the question in a historically correct way and to understand his approach to issues of politics and international diplomacy given his investiture as a religious and at the same time political leader *Paul and Sacrifice in Corinth* Martin Sanfridson ,2025-03-17 **Animals**

in the New Testament Justin David Strong,Ruben Zimmermann,2025-08-07 This volume explores the ubiquity of animals and the remarkable density of animal language in the New Testament and its contemporary world By situating the New Testament amid ancient discourses and incorporating understanding from the emerging field of Animal Studies the contributors explore the insights that emerge when non human animals and notions of animality take centre stage By analysing the Classical contexts of the New Testament the gospels the writings of Peter Paul and John and extra canonical Christian contexts the volume identifies and explores the myriad ways in which humans find themselves and others to be like animals addressing basic notions of human and animal nature and highlighting traits such as sentience subjectivity and intentionality Ranging from the intense discussions regarding animal souls and their place in contemporary narratives to their various roles in the teachings of Jesus their depictions in the writing of the apostles and their symbolic and ethical significance in early Christianity this highly original and methodologically diverse collection introduces an unfamiliar paradigm that offers new perspectives and insights into the New Testament and its contemporary world **Regulations**
