101 Social Work Clinical Techniques Francis J. Turner, William Rowe, 2013-05-08

The purpose of the book is to enhance the concept of Technique in the teaching and practice of Social Work Over the years Technique has not been stressed as a part of practice even though the actual practice of Social Work consists of the utilization of techniques in addition to theory and the process of assessment and diagnosis The book seeks to achieve its goal in four ways It addresses the way the concept of Technique has or has not been used over the years It addresses the need for a clear definition of technique It analyzes the qualities that Technique should have at this point in our history of clinical practice It then formulates and presents a definition of technique for our thesis based on this definition It then presents a brief discussion of 101 Techniques discussed in contemporary literature by discussing each one's place in practice a bit about its history and necessary knowledge skills to use responsibly It addresses the latter by grouping a level of risk involved in its utilization

Therapeutic Uses of Rap and Hip-Hop Susan Hadley, George Yancy, 2012-05-22 In perceiving all rap and hip hop music as violent misogynistic and sexually charged are we denying the way in which it is attentive to the lived experiences both positive and negative of many therapy clients This question is explored in great depth in this anthology the first to examine the use of this musical genre in the therapeutic context The contributors are all experienced therapists who examine the

multiple ways that rap and hip hop can be used in therapy by listening and discussing performing creating or improvising The text is divided into three sections that explore the historical and theoretical perspectives of rap and hip hop in therapy describe the first hand experiences of using the music with at risk youth and discuss the ways in which contributors have used rap and hip hop with clients with specific diagnoses respectively Within these sections the contributors provide rationale for the use of rap and hip hop in therapy and encourage therapists to validate the experiences for those for whom rap music is a significant mode of expression Editors Susan Hadley and George Yancy go beyond promoting culturally competent therapy to creating a paradigm shift in the field one that speaks to the problematic ways in which rap and hip hop have been dismissed as expressive of meaningless violence and of little social value More than providing tools to incorporate rap into therapy this text enhances the therapist s cultural and professional repertoire

Arts Therapies in the Treatment of Depression Ania Zubala,Vicky Karkou,2018-05-16 Arts Therapies in the Treatment of Depression is a comprehensive compilation of expert knowledge on arts therapies potential in successfully addressing depression The book identifies ways of addressing the condition in therapy sessions shares experience of tools and approaches which seem to work best and guides towards a conscious and confident evidence based practice Including contributions from international experts in the field of arts therapies the book presents some of the most recent high profile and methodologically diverse research whether in the form of clinical trials surveys or case studies The three sections of this volume correspond to particular life stages and explore major topics in arts therapies practice and the nature of depression in children adults and in later life Individual chapters within the three sections represent all four arts therapies disciplines The book hopes to improve existing arts therapies practice and research by encouraging researchers to use creativity in designing meaningful research projects and empowering practitioners to use evidence creatively for the benefit of their clients and the discipline Arts Therapies in the Treatment of Depression is an essential resource for arts therapies researchers practitioners and arts therapists in training It should also be of interest to other health researchers and health professionals particularly those who work with clients experiencing depression and in multidisciplinary teams

Victims's Symptom Institute of Network Cultures,2011-07-30 Victims Symptom PTSD and Culture Victims Symptom is a collection of interviews essays artists statements and glossary definitions which was originally launched as a Web project <http://victims.labforculture.org> Produced in 2007 the project brought together cases related to past and current sites of conflict such as Srebrenica Palestine and Kosovo reporting from different and sometimes conflicting international viewpoints The Victims Symptom Reader collects critical concepts in media victimology and addresses the representation of victims in economies of war

Art Therapy, Research and Evidence-based Practice Andrea Gilroy,2006-10-09 This is an important and topical book coming at a time when there is growing pressure to show evidence of good practice in order to reassure the prospective client and to demonstrate financial accountability It gives valuable guidelines and examples for art therapists The book is innovative and inspiring and the

author's enthusiasm shines through I end with the last line of this topical readable relevant book one that encapsulates its content We need the facts we need the figures but we need the stories and the pictures too Therapy Today This book makes a major contribution to the field of art therapy by reviewing in an accessible and informed manner the issues around the development of research informed practice The author offers an overview of different traditions of inquiry that will be of value to practitioners as well as those actually involved in carrying out research John McLeod Tayside Institute for Health Studies University of Abertay Dundee This impressive book is lively inspiring and innovative Andrea Gilroy's energetic enthusiasm for her subject is infectious She breathes life into the topics of research and EBP This rich exploration combines a rigorous investigation of the existing literature with intelligent original and practical suggestions A thorough informative approach that challenges existing thinking This is a must for art therapists at last a book that places art at the centre of our evidence in a convincingly argued accessible and rewarding read Professor Joy Schaverien PhD Art Therapy around the world is under increasing pressure to become more evidence based As a result practitioners now need to get to grips with what constitutes evidence how to apply research in appropriate ways and also how to contribute to the body of evidence through their own research and other related activities Written specifically for art therapy practitioners and students Art Therapy Research Evidence Based Practice traces the background to EBP critically reviews the existing art therapy research explains the research process links research with the development of clinical guidelines and describes the knowledge and skills needed to demonstrate efficacy Drawing on her own experience as a researcher practitioner and lecturer Andrea Gilroy looks at the implications of EBP for art therapy and examines common concerns about the threat it may pose to the future provision of art therapy within public services Art Therapy Research Evidence Based Practice addresses issues which are critical to the future development and even the survival of art therapy Combining insightful analysis with practical guidance and examples this is an ideal resource for practitioners and for those in training Andrea Gilroy is Reader in Art Psychotherapy at Goldsmiths University of London
