violence as a ticket draw diehard hockey fan and expert Adam Proteau argues against hockey's transformation into a thuggish blood sport. In *Fighting the Good Fight*, Proteau sheds light on the many perspectives of those in and around the game with interviews of current and former NHL stars, coaches, general managers, and league executives as well as medical experts. One of the most well-known media figures on the hockey scene today, famous for his funny, feisty observations as a writer for the *Toronto Star* and *The Hockey News* and commentator on CBC radio and TV, Adam Proteau is also one of the few mainstream media voices who is vehemently anti-fighting in hockey. Not only is his book a plea to the game's gatekeepers to finally clamp down on the runaway violence that permeates the sport even at its highest level, he offers realistic suggestions on ways to finally clean the game up. Includes interviews with medical experts on head injuries and concussions as well as with other members of the media. The author not only wages an attack on the value of fighting in hockey but also on the establishment hockey culture. Covering the most polarizing issue in hockey today, *Fighting the Good Fight* gives hockey fans and sports lovers everywhere a reason to stamp their feet and whistle at a rare display of eloquence and common sense.

WebCatUpdater Profile\_5 1326742169646      Modern Classroom Assessment Bruce B. Frey, 2013-09-13 *Modern Classroom Assessment* offers an applied, student-centered guide to the major research-based approaches to assessment in today's modern classroom. Rather than simply list basic assessment formats with a few examples as many textbooks do, award-winning professor and scholar Bruce Frey's book fully explores all five key approaches for teacher-designed assessment: Traditional Paper and Pencil, Performance-Based Assessment, Formative Assessment, Universal Test Design, and Authentic Assessment, while making abstract concepts and guidelines clear with hundreds of real-world illustrations and examples of what actual teachers do. Offering a variety of engaging learning tools and realistic stories from the classroom, this text will give any reader a strong foundation for designing modern assessments in their own classrooms.

Rhetorical Power Steven Mailloux, 2018-08-06 In this provocative and forcefully written book, Steven Mailloux takes issue with the validity of a number of distinctions commonly made in contemporary literary theory and cultural studies: distinctions between theory and history, reader and text, truth and ideology, aesthetics and politics. Mailloux first presents the case for a rhetorical hermeneutics and against foundationalist theories of interpretation. Doing hermeneutic theory, he argues, entails doing rhetorical history. By means of a detailed analysis of reader response criticism, he highlights the connections between institutional politics and the interpretive rhetoric of academic literary criticism. Mailloux then uses *Adventures of Huckleberry Finn* as an exemplary text, relating Mark Twain's rhetoric to the cultural politics of post-Reconstruction debates about racist ideology; he places his reader-oriented interpretation within the rhetorical history of controversies over the meaning and value of *Huckleberry Finn*. Finally, in a far-ranging study of cultural

reception he juxtaposes the twentieth century concern about the topic of race in Huckleberry Finn with the nineteenth century audience's very different concerns about juvenile delinquency and the bad boy boom. In the final part of the book Mailloux restates his critique of foundationalist hermeneutics through readings of Ken Kesey, Michel Foucault, Edward Said, and Richard Rorty, and he concludes by examining the role of rhetoric and theory in a congressional dispute over the Reagan administration's reinterpretation of the Anti-Ballistic Missile Treaty. Rhetorical Power will be welcomed by readers in literary theory and American studies as well as in such fields as speech communication, the sociology of culture, and social and intellectual history, and by others interested in the politics of persuasion.
