Report To Greco Nikos Kazantzakis:

Report to Greco Nikos Kazantzakis, 2012-09-18 Disarmingly personal and intensely philosophical Report to Greco is a fictionalized account of Greek philosopher and writer Nikos Kazantzakis's own life a sort of intellectual autobiography that leads readers through his wide ranging observations on everything from the Hegelian dialectic to the nature of human existence all framed as a report to the Spanish Renaissance painter El Greco The assuredness of Kazantzakis's prose and the nimbleness of his thinking as he grapples with life's essential questions who are we and how should we be in the world will inspire awe and more than a little reflection from readers seeking to answer these questions for themselves **Broken**

Hallelujah Darren J. N. Middleton, 2007-01-01 Marking the fiftieth anniversary of Kazantzakis's death author Darren J N Middleton looks back on Kazantzakis's life and literary art to suggest that contrary to popular belief Kazantzakis and his views actually comport with the ideals of Christianity **Novel Theology** Darren J. N. Middleton, 2000 Literature and

theology constantly deconstruct each other Suggesting that this deconstructive assignment is one that cannot but be in process itself Middleton returns to it throughout his study Bruno Cassirer Publishers Ltd. Oxford 1940-1990 Rahel E.

Revivals: God, Literature and Process Thought (2002) Darren Middleton, 2018-02-01 Originally published in 2002 God Literature and Process Thought looks at the use of God in writing as a part of the creative advance immersed in the processes of reality and affected by events in the world This edited collection outlines and promotes the novel view that there is much to be gained when those who value the insights of process thought encounter the many and varied writers of literature and literary theory It also celebrates the notion of process poesis a fresh way of reflecting theologically and philosophically that takes account of literary forms and promises to transform creatively the very structure of process

thought today **Kazantzakis and God** Daniel A. Dombrowski,1997-10-16 Examines the concept of God which emerges from the writings of Nikos Kazantzakis and argues that he was a process theist *The Great Conversation* Belden C. Lane,2019-05-01 We are surrounded by a world that talks but we don't listen We are part of a community engaged in a vast conversation but we deny our role in it In the face of climate change species loss and vast environmental destruction the ability to stand in the flow of the great conversation of all creatures and the earth can feel utterly lost to the human race But Belden C Lane suggests that it can and must be recovered not only for the sake of endangered species and the well being of at risk communities but for the survival of the world itself The Great Conversation is Lane's multi faceted treatise on a spiritually centered environmentalism At the core is a belief in the power of the natural world to act as teacher In a series of personal anecdotes Lane pairs his own experiences in the wild with the writings of saints and sages from a wide range of religious traditions A night in a Missourian cave brings to mind the Spiritual Exercises of Ignatius of Loyola the canyons of southern Utah elicit a response from the Chinese philosopher Laozi 500 000 migrating sandhill cranes rest in Nebraska and evoke the Sufi poet Farid ud Din Attar With each chapter the humility of spiritual masters through the ages melds with the author's encounters with natural teachers to offer guidance for entering once more into a conversation with the world

The End of Philosophy of Religion Nick Trakakis, 2011-10-20 *The End of Philosophy of Religion* explores the hitherto uncharted waters of the meta philosophy of religion that is the methods and assumptions underlying the divergent ways of writing and studying the philosophy of religion that have emerged over the last century It is also a first class study of the weaknesses of the analytic approach in philosophy particularly when it is applied to religious and aesthetic experience Nick Trakakis' main line of argument is twofold Firstly the Anglo American analytic tradition of philosophy by virtue of its attachment to scientific norms of rationality and truth inevitably struggles to come to terms with the mysterious and transcendent reality that is disclosed in religious practice Secondly and more positively alternatives to analytic philosophy of religion are available not only within the various schools of so called Continental philosophy but also in explicitly narrative and literary approaches

The X-Files and Literature Sharon R. Yang, 2009-10-02 *The X Files and Literature Unweaving the Story Unraveling the Lie to find the Truth* provides an innovative and valuable exploration of the groundbreaking television program Although much academic work has been devoted to the social psychological and spiritual significance of *The X Files* until this collection none has fully addressed the series rich adaptation of literature to interrogate our perception definition or recounting of the truth This collection not only unveils new twists and insights into expected connections between *The X Files* and Gothic writers or with its modernist and post modernist slants on narrative plot and characterization *The X Files and Literature* also delves into some unexpected literary sources shaping the series such as the Arthurian quest Catholic and Biblical mythology folkloristics and James Fennimore Cooper and the vanishing American mythos This collection of essays covers both how *The X Files* works with literature's own constantly morphing definition and portrayal of truth through form and content as well as how the television program may or may not subvert our own contradictory expectations and distrust of literature's providing us with enlightenment As television becomes more and more literary with shows like *Lost* and *Gilmore Girls* sending us off to the bookstore and the library so we might read them more carefully a book like *The X Files and Literature* is welcome indeed Sharon R Yang's diverse collection on one of Nineties TV's richest texts finds the truth of the gothic and the Arthurian and the folkloric of the postmodern and the metafictional of Poe Pynchon Cooper Nabokov and Tennyson not just out there but in the perhaps too complicated narrative of the perpetually frustrated quests of Mulder and Scully Valuable in itself as an intellectual exercise its real worth

may come when we put the book down and return smarter better readers to the primary text David Lavery Co Editor Deny All Knowledge Investigating The X Files Sharon Yang s X Files collection deals with an important subject addressed by thoughtful writers The idea that television can be seen as a branch of literature is certainly sustained by The X Files and the contributors to this volume succeed in making the case Brian Hauser on Fenimore Cooper Cary Jones on Mary Shelley Tamy Burnett on Poe Thomas Argiro on Pynchon Matthew VanWinkle on Tennyson these and more explore the connections with The X Files not only in terms of sources but also themes and techniques Both students of television and literature will want to own this book Rhonda V Wilcox Ph D Professor of English Gordon College Barnesville

Minos and the Moderns Theodore Ziolkowski,2008-07-17 Minos and the Moderns considers three mythological complexes that enjoyed a unique surge of interest in early twentieth century European art and literature Europa and the bull the minotaur and the labyrinth and Daedalus and Icarus All three are situated on the island of Crete and are linked by the figure of King Minos Drawing examples from fiction poetry drama painting sculpture opera and ballet Minos and the Moderns is the first book of its kind to treat the role of the Cretan myths in the modern imagination Beginning with the resurgence of Crete in the modern consciousness in 1900 following the excavations of Sir Arthur Evans Theodore Ziolkowski shows how the tale of Europa in poetry drama and art but also in cartoons advertising and currency was initially seized upon as a story of sexual awakening then as a vehicle for social and political satire and finally as a symbol of European unity In contrast the minotaur provided artists ranging from Picasso to Drennatt with an image of the artist s sense of alienation while the labyrinth suggested to many writers the threatening sociopolitical world of the twentieth century Ziolkowski also considers the roles of such modern figures as Marx Nietzsche and Freud of travelers to Greece and Crete from Isadora Duncan to Henry Miller and of the theorists and writers including T S Eliot and Thomas Mann who hailed the use of myth in modern literature Minos and the Moderns concludes with a summary of the manners in which the economic aesthetic psychological and anthropological revisions enabled precisely these myths to be taken up as a mirror of modern consciousness The book will appeal to all readers interested in the classical tradition and its continuing relevance and especially to scholars of Classics and modern literatures

Seeking the Beloved Wayne Simsic,2012-04-01 Prayer is not just time set aside for God or the use of certain techniques it is primarily an intimate relationship with God the Beloved If we hunger for a prayer that is deeper than words and that we can bring to every part of our lives no matter what we are doing then we can turn to St John of the Cross as our guide Retreat master and author Wayne Simsic insists that while it s easy to write off this saint as an otherworldly ascetic and mystic he was actually a down to earth and wise administrator poet and artist whose writings have great relevance for us today In this book Simsic helps readers discover the gift of contemplative prayer as unfolded by this Carmelite saint whose longing for a deep intimacy and union with God can become our longing as well

Losing Your Faith, Finding Your Soul David Robert Anderson,2013-09-17 Losing Your Faith Finding Your Soul is for those of us who have come to the end of

A Seeker's Journey into Sacred Time and Space David Trimble, 2025-02-11 How do we find hope in the world when hatred injustice war and climate change threaten our very survival The author's journey as a social justice activist and spiritual seeker offers inspiration for readers to build their own practices of hope The author challenges the spiritual poverty of materialist individualism which threatens all life on the planet by the actions of its dominant species A vision of transforming global culture emerges from the memoir's stories of love loss yearning and redemption Activism and spiritual search converge in the vision of a culture grounded in the universality of human spirituality a vision that does not descend into religious particularism The author encourages readers to build alliances across differences to bring forth our common fundamental spiritual legacy of love justice gratitude and awe
