**The Dreamers and DACA** Duchess Harris, Nina Judith Katz, 2018-12-15 The Dreamers and DACA explores what the DACA program is and how it has affected US society It also examines various views on immigration and discusses the US immigration policy under President Donald Trump encouraging readers to form their own opinions Features include a glossary references websites source notes and an index Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO

**The Battle to Stay in America** Michael Kagan, 2020-08-11 2020 Foreword INDIE awards winner The Battle to Stay in America is the story of a community coming to grips with the federal government's crackdown on immigrants and learning how to defend itself Informative and personal this is a story about mothers and fathers lawyers and activists local police and federal agencies and a struggle for the identity of a nation This is the quintessential story of the war on immigrants as fought and felt on the front lines in the heart of America

*Undocumented Migration as a Theologizing Experience* Eunil David Cho, 2024-09-02 In *Undocumented Migration as a Theologizing Experience* Eunil David Cho examines how Korean American undocumented young adults tell religious stories to cope with the violence of uncertainty and construct new meanings for themselves Based on in depth interviews guided by narrative inquiry the book follows the stories of ten Korean American DACA Deferred Action for Childhood Arrivals recipients who have found their lives in limbo While many experience narrative foreclosure believing My story is over Cho highlights how telling religious stories enables them to imagine and create new stories for themselves not as shunned outsiders but as beloved children of God

**How Does It Feel to Be Unwanted?** Eileen Truax, 2018-09-11 In an era of increasing anti immigrant sentiment and bigotry each of these 13 stories illuminates the issues affecting the Mexican community and shows the breadth of a frequently stereotyped population Dreamers and their allies those who care about immigration justice and anyone interested in the experience of Mexicans in the US will respond to these stories of Mexican immigrants some documented some not illuminating their complex lives Regardless of status many are subjected to rights violations inequality and violence all of which existed well before the Trump administration and have profound feelings of being unwanted in the country they call home There's Monica Robles the undocumented mother of three US citizens who is literally confined to a strip of territory between two checkpoints one at the Mexico border and one twenty seven miles north of the border We meet Jeanette Vizguerra who came to symbolize the sanctuary movement when she took shelter in a Denver church in February 2017 to avoid deportation Later that year Time magazine named her one of the one hundred most influential people in the world There's Daniel Rodriguez the first undocumented immigration lawyer in Arizona to successfully obtain a license to practice Alberto Mendoza who suffered persecution as a gay man for years in 2013 founded Honor 41 a national Latina o LGBTQ organization that promotes positive images of their community After crossing the border illegally with his mother as a child Al Labrada later joined the military to get on a path to citizenship in March 2017 he was

promoted to captain in the Los Angeles Police Department These and eight other stories will broaden how you think about Mexicans in America

*The Politics of Immigration* Tom K. Wong, 2017 Immigration has been deeply woven into the fabric of American nation building since the founding of the Republic Indeed immigrants have played an integral role in American history but they are also intricately tied to America's present and will feature prominently in America's future Immigration can shape a nation Consequently immigration policy can maintain replenish and even reshape it Immigration policy debates are thus seldom just about who to let in and how many as a nation's immigration policies can define its identity This is what helps breathe fire into the politics of immigration Against this backdrop political parties promote their own narratives about what the immigration policies of a nation of immigrants should be while undermining the contrasting narratives of political opponents Racial and ethnic groups mobilize for political inclusion as immigration increases their numbers but are often confronted by the counteractive mobilization of nativist groups Legislators calibrate their positions on immigration by weighing traditional electoral concerns against a new demographic normal that is reshaping the American electorate At stake are not just what our immigration policies will be but also what America can become What are the determinants of immigration policymaking in the United States *The Politics of Immigration* focuses the analytical lens on the electoral incentives that legislators in Congress have to support or oppose immigration policy reforms at the federal level In contrast to previous arguments Tom K Wong argues that contemporary immigration politics in the United States can be characterized by three underlying features the entrenchment of partisan divides among legislators on the issue of immigration the political implications of the demographic changes that are reshaping the American electorate and how these changes are creating new opportunities to define what it means to be an American in a period of unprecedented national origins racial and ethnic and cultural diversity

*Young and Undocumented* Julia Albarracín, 2025-08-19 The experiences of DACA recipients The children of immigrants who arrive in the United States each year sometimes grow up without any knowledge of their undocumented status and the risks it poses In this timely and important book Julia Albarracín explores the lives of undocumented immigrant youth with a focus on the unique experiences of Deferred Action for Childhood Arrivals DACA recipients and DREAMers in the United States Drawing on interviews and legal research Albarracín shows us how the precarity surrounding the youth's DACA status impacts their sense of political identity and belonging particularly as Republican politicians target legal protections provided to them under DACA and the DREAM Act The author examines how changes in immigration policies expose undocumented youth to constant ups and downs leaving them in a limbo between deportation and integration into society and limiting their social economic and political opportunities for advancement Albarracín shows us how DREAMers confront and fight to overcome barriers in their lives *Young and Undocumented* explores how undocumented youth in the United States navigate their identity in the only country they know as home and how they come of age without a path to citizenship

**One Step in and One Step Out** Hillary S. Kosnac, Andrés

Albarrán, Wayne Cornelius, Tom Wong, Michah Gell-Redman, D. Alex Hughes, 2015-01-05 In June 2012 President Obama signed an executive order establishing the Deferred Action for Childhood Arrivals DACA program The President acted because the U S Congress had repeatedly failed to pass the Dream Act legislation protecting from deportation young undocumented immigrants who had been brought to the United States as children More than 818 000 Dreamers applied for protection under the President s program through September 2014 They received short term relief from deportation not permanent legal status This volume is the first scholarly attempt to comprehensively address the question of why some age eligible immigrants have applied for DACA status while many more nearly two thirds of those estimated to be potentially eligible have not The study devotes special attention to the geography of DACA how place of residence influences the likelihood of participation and the role of social networks in transmitting knowledge about the program Qualitative interviews illuminate life after receiving DACA status The interviewees report that DACA status has positively transformed their lives especially in terms of educational and economic advancement However as a consequence of their tentative legal status they continue to face significant limits and obstacles to full incorporation into the United States They are eager to translate their three year deferral of deportation into legal permanent residency but Congress has not provided a path for doing so and Obama s executive action can be reversed by a future President The authors draw upon five different types of data collected for the study including a large scale on line survey of undocumented millennials a national level dataset on DACA applicants survey interviews with residents of a high emigration community in Oaxaca Mexico and a random sample of Mexican born persons now living in San Diego County and in depth semi structured interview with undocumented youths in San Diego County who had applied for DACA They propose fourteen policy recommendations for increasing future participation in the DACA program and for enhancing the economic social and psychological integration of those who benefit from it
