Answer Because the Holy Spirit asked me to tell my story to help others A central theme of this book is What is wrong with me I learned that what was wrong was that I had many partially split personalities that had not been evident to me or others and that repressed painful and guilty memories from my childhood and adulthood were surfacing The teachings in A Course in Miracles enabled me to face those memories My journey has been painful and a little weird but I am glad I chose to walk into the darkness rather than deny it because that choice led to healing and peace for me I pray that my story will help many others come to a place of healing and peace

The Afterlife Healing Circle Candace Talmadge, Jana Simons, 2015-06-22 The science is probably the most misunderstood and abused of all spiritual practices and carries with it some very real dangers The good news is that the authors of *The Afterlife Healing Circle* have corrected the disinformation while showing us how to avoid the dangers The afterlife healing circle is a way we can safely communicate with those on the other side whether they are loved ones who have passed or future offspring who have not yet been born This unique book will bring hope to the anxious and the inconsolable by showing readers How to recognize when they or others need the afterlife healing circle How to develop the intuitive senses that will enable them to connect with the other side How where and when to conduct the afterlife healing circle safely How the rules of physics prove that consciousness both survives and precedes the physical body It s never too late to say goodbye or too soon to say hello
