Miller, 2020 Augusta Browne's five decade career in music and letters reveals a gifted composer and author Hailed as one of the most prolific women composers in the USA before 1870 Augusta Browne Garrett c 1820 1882 was also a dedicated music educator and music journalist The Americanness of her story resounds across the decades an earnest little girl growing up amidst a troubled family business a young professor of music who burst onto the New York City musical scene and an entrepreneur who resolutely sought publication of her music and prose to her final day In *Augusta Browne Composer and Woman of Letters in Nineteenth Century America* author Bonny Miller presents Browne's unfamiliar story assesses her musical works and describes her literary publications Browne's outsider status and self agency offer a potent narrative that transcends antebellum and Victorian era norms She used the public arena of newspapers and magazines as conduits for her work during an era when women were ridiculed for public speaking And yet in many ways her persona as a tenacious entrepreneur conflicted with her adherence to strict Christian precepts despite her assertion of woman's equality with man Making use of recently digitized sheet music as well as archives of newspapers and books of the period Miller's narrative provides the first ever

comprehensive nuanced account of this notable life in American music BONNY H MILLER is a pianist and independent scholar who has taught at universities in Georgia Florida Louisiana and Virginia **Music Theory For Dummies** Michael Pilhofer,Holly Day,2011-02-25 Many people grimace at the sound of music theory It can conjure up bad memories of grade school music classes rattle the brains of college students and make self taught musicians feel self defeated Music Theory may seem tedious and unnecessary especially since not many people can read music Luckily Music Theory for Dummies shows you the fun and easy way to understanding the concepts needed to compose deconstruct and comprehend music This helpful guide will give you a great grasp of Note value and counting notes Treble and bass clefs Time signatures and measures Naturalizing the rhythm Tempo and dynamic Tone color and harmonics Half steps and whole steps Harmonic and melodic intervals Key signatures and circles of fifths Scales chords and their progressions Elements of form Music theory s fascinating history This friendly guide not only explores these concepts it provides examples of music to compliment them so you can hear how they sound firsthand With a bonus CD that demonstrates these ideas with musical excerpts on guitar and piano this hands on resource will prove to you that music theory is as enjoyable as it is useful Don t get discouraged by the seemingly complicated written structure With Music Theory for Dummies understanding music has never been easier Note CD ROM DVD and other supplementary materials are not included as part of eBook file **Bits and Pieces** Kenneth B. McAlpine,2019 Bits and Pieces tells the story of chiptune a style of lo fi electronic music that emerged from the first generation of video game consoles and home computers in the late 1970s and early 1980s Through ingenuity and invention musicians and programmers developed code that enabled the limited hardware of those early 8 bit machines to perform musical feats that they were never designed to achieve In time that combination of hardware and creative code came to define a unique 8 bit sound that imprinted itself on a generation of gamers For a new generation of musicians this music has currency through the chipscene a vibrant musical subculture that repurposes obsolete gaming hardware It s performative raw and edgy loaded with authenticity and driven by a strong DIY ethic It s more punk than Pac Man and yet it s part of that same story of ingenuity and invention 8 bit hardware is no longer a retired gaming console but a quirky and characterful musical instrument Taking these consoles to the stage musicians fuse 8 bit sounds with other musical styles drum n bass jungle techno and house to create a unique contemporary sound Analyzing musical structures and technological methods used with chiptune Bits and Pieces traces the simple beeps of the earliest arcade games through the murky shadows of the digital underground to global festivals and movie soundtracks **Playing a Part** Melaney Poli,2019-07-11 All they wanted was to know how I could do this I could invent something It is 1991 and on a trip to the United States to research a new novel British artist and writer Brinsel Thomas discovers she has more to deal with than just writing When two police officers show up at her door with questions her next stop is the police station One little lie intended to extricate herself from what she is certain is a terrible mistake instead snowballs into a story she cannot get out of trapped with a secret she cannot risk giving

away Instead of working on her novel Brinsel finds herself enlisted to help solve a murder attempting to fabricate an incriminating correspondence shedding a few copyrights and dodging insistently prying questions There is one person who she is convinced might be able to help her a private detective and sometime professional musician named Max Thompson Then again he might not Because there is one enormous indisputable complication      **The Pianomaker** ,1955
