East and 2 Ancient Early Civilization History The Anunnaki gods from the planet Nibiru carried out a mission on Earth and the story was documented in clay tablets or Mesopotamian texts discovered in the ruins of buildings in the Middle East Scholars have proposed that some Genesis stories had already appeared in Mesopotamian texts thousands of years ago This proposal motivated us to evaluate the most relevant texts Although most scholars believe that the Mesopotamian texts are mythology the research was carried out under the premise that their content corresponds to real events Analysis of academic translations of the texts revealed that many details critical to understanding the story have not been revealed An exhaustive analysis of the data determined the most probable dates of the events The book presents the events related to the arrival of the Anunnaki to Earth and the consequences of their mission chronologically according to findings in Mesopotamian texts and ancient books Various sources including apocryphal books reports from ancient historians scientific research and archaeological records supplemented the research Many riddles were decoded including who the Anunnaki and the Igigi watchers Nephilim were Why when and how did H sapiens originate how did the other species arise and why did they become extinct Why and when did the Anunnaki arrive and finally leave Earth When will the planet Nibiru return to our area in the inner solar system The results and findings of this research deserve to be known due to the probability that the stories in the Mesopotamian texts really happened The book s proposals differ from what we have learned in educational institutions about the origin of humanity and invite critical thinking to reflect on the history of the Anunnaki gods Enthusiastic readers of the extraterrestrial theme will find innovative proposals

The book's story is based on a legend told by a shaman medicine man to a group of children with the intent of retaining epic stories of brave and heroic Mescalero Apache men within the tribe. The story is supposedly true. The story is about an incident that happened to a ten-year-old Apache boy during the Spanish conquistadores time, on or about the year 1550. A good abduction was made by Apache spirits to heal the boy from injuries that happened to him when he did a heroic act by saving a little girl's life from great harm. The boy was taken by the spirits to be healed and returned sixty years later, but the boy still looked ten years old. The Apache spirits appear to have been aliens from outer space. Aliens came to planet earth a number of times. The aliens returned one last time to help planet earth from doom or destruction approximately 450 years later. The story is about how, what, and why the aliens came to assist planet earth.
