Dreams of Love Ivan Raykoff, 2014 Dreams of Love pursues a wide ranging interdisciplinary approach to understanding the concert pianist as a Romantic and seductive even erotic figure in the popular imagination focusing on the role of technology in perpetuating this mythology over the past two centuries through the touch sights and sounds of the pianist's playing

Beethoven's Ninth Esteban Buch, 2003-05-15 Who hasn't been stirred by the strains of Beethoven's Ninth Symphony That's a good question claims Esteban Buch German nationalists and French republicans communists and Catholics have all in the course of history embraced the piece It was performed under the direction of Leonard Bernstein at a concert to mark the fall of the Berlin Wall yet it also serves as a ghastly and ironic leitmotif in Stanley Kubrick's A Clockwork Orange Hitler celebrated his birthdays

with it and the government of Rhodesia made it their anthem And played in German concentration camps by the imprisoned it also figured prominently at Mitterand s 1981 investiture In his remarkable history of one of the most popular symphonic works of the modern period Buch traces such complex and contradictory uses and abuses of Beethoven s Ninth Symphony since its premier in 1824 Buch shows that Beethoven consciously drew on the tradition of European political music with its mix of sacred and profane military and religious themes when he composed his symphony But while Beethoven obviously had his own political aspirations for the piece he wanted it to make a statement about ideal power he could not have had any idea of the antithetical political uses nationalist and universalist to which the Ninth Symphony has been put since its creation Buch shows us how the symphony has been deployed throughout nearly two centuries and in the course of this exploration offers what was described by one French reviewer as a fundamental examination of the moral value of art Sensitive and fascinating this account of the tangled political existence of a symphony is a rare book that shows the life of an artwork through time shifted and realigned with the currents of history
