Romulus My Father Raimond Gaita:

Romulus, My Father Raimond Gaita, 1999-09-01 Winner of the 1998 Victorian Premier's Literary Award for Non Fiction
Romulus My Father is an iconic and deeply loved book. Romulus Gaita fled his home in his native Yugoslavia at the age of thirteen and came to Australia with his young wife Christina and their infant son Raimond soon after the end of World War II. Tragic events were to overtake the boy's life but Raimond Gaita has an extraordinary story to tell about growing up with his father amid the stony paddocks and flowing grasses of country Australia. Written simply and movingly, *Romulus My Father* is about how a compassionate and honest man taught his son the meaning of living a decent life. It is about passion, betrayal and madness, about friendship and the joy and dignity of work, about character and fate, affliction and spirituality. No one will read this wonderful book without an enhanced sense of the possibilities of being alive. I know of no other book where the love between father and son has been more beautifully expressed. Robert Manne

Simone Weil and Continental Philosophy A. Rebecca Rozelle-Stone, 2017-11-08 Simone Weil is an often overlooked thinker whose insights could radically reshape contemporary discourses on religion, nature, art, ethics, work, politics and education. This collection of essays situates Simone Weil's thought alongside prominent Continental thinkers and their philosophical concerns to show the ways in which she belongs to but also stands outside some of the major streams of Continental discourse including phenomenology, ethics of embodied disposition and difference and post-Marxian political thought. For the first time in a major work, intersections between the ideas of Weil and figures such as Nietzsche, Berdyaev, Foucault, Blanchot, Merleau-Ponty, Levinas, Chrtien, Agamben, Fanon and Rancière are closely examined. The volume is authored by an international team of leading scholars in Weil studies and in contemporary Continental philosophy of religion, more broadly. *Simone Weil and Continental Philosophy* is not only an unprecedented resource for Weil scholars who seek to read her in broader and more current philosophical terms but also an important addition to the libraries of scholars and students of Continental philosophy and theology engaged in thinking about some of the most pressing questions of our time

The Self in Moral Space David Parker, 2018-07-05 All of us take our moral bearings from a conception of the good or a range of goods that we consider most important We are in this sense selves in moral space Building on the work of the philosopher Charles Taylor among others David Parker examines a range of classic and contemporary autobiographies including those of St Augustine William Wordsworth Friedrich Nietzsche Edmund Gosse Roland Barthes Seamus Heaney and J M Coetzee to reveal a whole domain of life narrative that has been previously ignored one that enables a new approach to the question of what constitutes a good life narrative Moving from an ethics toward an aesthetics of life writing Parker follows Wittgenstein's view that ethics and aesthetics are one *The Self in Moral Space* is distinctive in that its key ethical question is not What is it right for the life writer to do but the broader question What is it good to be This question opens up an important debate with the dominant postmodern paradigms that prevail in life writing studies today In Parker's estimation such paradigms are incapable of explaining why life writing matters in the contemporary context Life narrative he argues faces readers with the perennial ethical question How should a human being live We need a new reconstructive paradigm as offered by this book in order to gain a fuller understanding of life narrative and its humanistic potential
