Rachel Hoffman,2018-01-25 Authored by a sex therapist who regularly works with clients wanting to improve their relationships this book explains how technology can create conflict or additional anxiety and discloses techniques to help individuals gain confidence or strengthen their personal relationships The statistics are telling 85 percent of all adults use the Internet 88 percent use email 91 percent own cell phones 56 percent own smartphones 73 percent send and receive text messages and 67 percent use social networking sites The advent of personal communication devices and ubiquitous connectivity has dramatically shifted the way we communicate and as a result the way we date and pursue relationships has changed The share of 18 to 24 year olds who use online dating has roughly tripled from 10 percent in 2013 to 27 percent today Modern dating techniques and technology enabled interpersonal communication have resulted in very distinct emotional side effects Dating and Mating in a Techno Driven World explores dating in our 21st century world with a unique approach providing understandable information for anyone who is dating or seeking a long term relationship while also serving as a clinical guide for therapists who want to learn how to treat individuals and especially couples presenting with some sort of issue related to technology Instead of simply offering an analysis of the trends that are occurring author Rachel Hoffman addresses the interpersonal problems and conflicts that result from digital or remote communication and courting and explains how to treat them The topics addressed include utilizing dating apps the effects of social media on relationships and how technology can be distracting in relationships Each chapter of the book supplies a case study or vignette an analysis of the situation research findings related to the topic and clinical information that identifies the implications for therapists working with individuals or couples with a similar experience      [The Circle of the Snake](#) Grafton Tanner,2020-12-11

Shocked by 9 11 the Great Recession digital anxiety and ecological collapse the West suffers from nostalgia People everywhere yearn for a utopian version of the past that never existed Desperate for relief many long to escape from the present Some will stop at nothing to achieve it In his essential new book Grafton Tanner author of Babbling Corpse Vaporwave and the Commodification of Ghosts argues that our nostalgia today is partly a consequence of the attention economy At a time when historical literacy is crucial and old prejudices are percolating into the present Big Tech s predictive algorithms are locking us into nostalgic feedback loops The result is a precarious society with its gaze fixed on the good old days Spanning from the ancient Sophists to Black Mirror The Circle of the Snake is at once a reckoning with the myth of digital utopia and an incisive analysis of nostalgia as a weapon to spread fascism      **Realattraction Secrets** ,      [The Wife](#)

of Bath Marion Turner,2024-03-05 From the award winning biographer of Chaucer the story of his most popular and scandalous character from the Middle Ages to MeToo Ever since her triumphant debut in Chaucer's Canterbury Tales the Wife of Bath arguably the first ordinary and recognisably real woman in English literature has obsessed readers from Shakespeare to James Joyce Voltaire to Pasolini Dryden to Zadie Smith Few literary characters have led such colourful lives or matched her influence or capacity for reinvention in poetry drama fiction and film In The Wife of Bath Marion Turner tells the fascinating story of where Chaucer's favourite character came from how she related to real medieval women and where her many travels have taken her since the fourteenth century from Falstaff and Molly Bloom to MeToo and Black Lives Matter A sexually active and funny working woman the Wife of Bath also known as Alison talks explicitly about sexual pleasure She is also a victim of domestic abuse who tells a story of rape and redemption Formed from misogynist sources she plays with stereotypes Turner sets Alison's fictional story alongside the lives of real medieval women from a maid who travelled around Europe abandoned her employer and forged a new career in Rome to a duchess who married her fourth husband a teenager when she was sixty five Turner also tells the incredible story of Alison's post medieval life from seventeenth century ballads and Polish communist pop art to her reclamation by postcolonial Black British women writers Entertaining and enlightening funny and provocative The Wife of Bath is a one of a kind history of a literary and feminist icon who continues to capture the imagination of readers

**What Do Men Want?** Nina Power,2022-02-03 From the acclaimed philosopher and author of One Dimensional Woman a bold playful and open minded exploration of the role of men in the twenty first century Something is definitely up with men From millions online who engage with the manosphere to the metoo backlash from Men's Rights activists and incels to spiralling suicide rates it's easy to see that while men still rule the world masculinity is in crisis How can men and women live together in a world where capitalism and consumerism has replaced the values family religion service and honour that used to give our lives meaning Feminism has gone some way towards dismantling the patriarchy but how can we hold on to the best aspects of our metaphorical Father With illuminating writing from an original big picture perspective Nina Power unlocks the secrets hidden in our culture to enable men and women to practice playfulness and forgiveness and reach a true mutual understanding and a lifetime of love

**How to Seduce the Hottest Women in the World** Kent Lamarc,2016-10-16 It's interesting that we tend to seek for answers with the same brain that has produced the questions and then wonder why we keep the questions but not have the answers or why the answers never seem to match our initial perceptions or expectations when making the questions And yet for some reason we persist for months and even years of our life with the same questions Very often we give up on finding the answers but the questions remain buried in our subconscious mind And so and ironically I find myself realizing that the best answers can only be seen and not searched Truly you can only look at what lays in front of you because life is perfect already and anything that can be found beyond our preconceived ideas about life is really beyond our preconceptions thoughts or expectations which

means one cannot be without not being In this book I will show you what I've found when forgetting myself when allowing myself to feel stupid and realizing that I know very little about life and in specific women which is something I had to do if I wanted to truly know how to conquer a ten instead of settling for less I actually thought I had conquered many tens before in my life you know those women every man wants that they try to anxiously seduce even as she is right next to me or that they want to learn how to seduce by becoming my friends first and copying what I do next But recent experiences shown me that the level can always be upgraded Those tens are now ones when compared to the astonishing goddesses I met in the Baltic countries In my previous books I did mention women that are socially perceived as a ten But what if you met the hottest girls in the world What kind of ten is that previous girl you met Relearning about how to answer such questions is what I did to write this book After ending a five years relationship with a woman that was a ten from the social perception of any country we visited together in a nearly total of thirty countries often making men wondering what a guy like me had that they didn't and assuming it's just the size of my cock was what I did to upgrade my game and take it to a completely new level far beyond my personal expectations I decided to travel for 4 months in 7 of the countries with the most beautiful women in the world Finland Estonia Latvia Lithuania Denmark Belgium and Spain This book resumes conclusions that I'm not necessarily proud or happy about but that as a social psychological but also psychopathic and foremost mindfucking scientist as well as researcher do present very accurate insights into the female mind at least the one that is at the top as the most appreciated the tall blond and blue or green eyes blond with long hair and beautiful facial features You know that goddess that you thought only existed either in the Lord of the Rings or very high quality porn movies Yep I'm going to teach you here how to blow yourself away with amazing success in picking up and dating the hottest women in the world And if you can't well fuck it and fuck you because I'm not your father and this isn't LSD and won't make miracles for you just because you read it This is just a book You're responsible for what you do say and also for who you are So don't blame me or anyone else for being yourself and existing in the way you do If you want these tips to work you must use them over and over again because they're so good that they even work on men That's right I made as many male friends as I made female friends by behaving and talking like what I will show you here And I also did have amazing conversations with some guys while seducing their girlfriend in front of them The emails that these girls kept sending me still surprise me to this day

**Interpretation in International Law**  
Andrea Bianchi, Daniel Peat, Matthew Windsor, 2015-02-26 International lawyers have long recognised the importance of interpretation to their academic discipline and professional practice As new insights on interpretation abound in other fields international law and international lawyers have largely remained wedded to a rule based approach focusing almost exclusively on the Vienna Convention on the Law of Treaties Such an approach neglects interpretation as a distinct and

broader field of theoretical inquiry Interpretation in International Law brings international legal scholars together to engage in sustained reflection on the theme of interpretation The book is creatively structured around the metaphor of the game which captures and illuminates the constituent elements of an act of interpretation The object of the game of interpretation is to persuade the audience that one's interpretation of the law is correct The rules of play are known and complied with by the players even though much is left to their skills and strategies There is also a meta discourse about the game of interpretation playing the game of game playing which involves consideration of the nature of the game its underlying stakes and who gets to decide by what rules one should play Through a series of diverse contributions Interpretation in International Law reveals interpretation as an inescapable feature of all areas of international law It will be of interest and utility to all international lawyers whose work touches upon theoretical or practical aspects of interpretation

**Seduction** Rachel O'Neill, 2018-07-04 Within the so called seduction community the ability to meet and attract women is understood as a skill which heterosexual men can cultivate through practical training and personal development Though it has been an object of media speculation and frequent sensationalism for over a decade this cultural formation remains poorly understood In the first book length study of the industry Rachel O'Neill takes us into the world of seduction seminars training events instructional guidebooks and video tutorials Pushing past established understandings of pickup artists as pathetic pathological or perverse she examines what makes seduction so compelling for those drawn to participate in this sphere Seduction vividly portrays how the twin

rationalities of neoliberalism and postfeminism are reorganising contemporary intimate life as labour intensive and profit orientated modes of sociality consume other forms of being and relating It is essential reading for students and scholars of gender sexuality sociology and cultural studies as well as anyone who wants to understand the seduction industry s overarching logics and internal workings
