What They Didn't Teach You in American History Class Mike Henry,2016-06-07 For the average person most of the American history that he or she knows comes from facts taught to them in school to prepare them for their state mandated tests That s not the fault of their teachers who were just carrying out the directives of their employers But it s also a fact that a great deal of that content that they were teaching is dry and boring However as in every aspect of life there is always another story behind each major event The story of America is interesting and exciting but it s those lesser known parts of our history that make it special Even though in most cases the names and events in the book will be recognizable most of the stories about them will be new to the reader If you re a young teacher perhaps you ll find some material to help you get through those less than exciting areas of your textbook If you hated history as a student maybe you ll find some of these tales entertaining For those of you who are history buffs hopefully you ll come across a few things that are new to you

OOPS! David P. Barash,2023-08-15 Travel through history and around the world to learn about the greatest mistakes blunders and bloopers of all time Everyone makes mistakes and nearly everyone likes to know

about them especially when made by someone else The Worst Blunders of All Time Shocking Tales from Pandora's Box to Putin's Invasion presents some of our most notable blunders from the silly to the consequential from ancient history to current events It offers the pleasure of Schadenfreude and of an easy going reading experience as well as here and there some learning opportunities The reader will see when relatively big things have gone wrong and couldn't be called back such as iconic mythical blunders like Pandora opening that troublesome box and Eve taking her ill advised bite to great historical oops such as Napoleon's invasion of Russia in 1812 as well as some less monumental but nonetheless exemplary mistakes such as the Curse of the Bambino when the Boston Red Sox sold Babe Ruth at the time a pitcher to the New York Yankees These and other exemplary oops are presented in a light hearted way with some exceptions being catastrophic current catastrophes such as Trump's egregious mishandling of the COVID 19 pandemic Author David P Barash will take readers from the tragic to the whimsical with the latter represented by for example Wrong Way Corrigan an early twentieth century aviator who thought he was flying nonstop from New York to California but confused by a heavy fog ended up in Ireland Pointing out these and other mistakes will be an exercise in Monday morning quarterbacking and 20/20 hindsight Thus The Worst Blunders of All Time shall backstrapolate looking in the rear view mirror at mistakes made by others The Worst Blunders of All Time is neither an advice book nor a series of cautionary tales It's an easy and accessible read especially useful as therapy in these difficult times However it's nonetheless accurate and informative giving rise to some potentially useful take home messages keyed to its material Ideally we should all benefit from our own mistakes making lemonade out of lemons while also following Eleanor Roosevelt's advice Learn from the mistakes of others You cannot live long enough to make them all yourself
