S.

Sugirtharajah,2005-06-16 At a time of renewed interest in Empire this stimulating volume explores the complex relationship between the Bible and the colonial enterprise and examines some overlooked aspects of this relationship These include unconventional retellings of the gospel story of Jesus by Thomas Jefferson and Raja Rammohun Roy the fate of biblical texts when marshalled by Victorian preachers to strengthen British imperial intentions after the India uprising of 1857 the cultural political use of the Christian Old Testament first by the invaders to attack temple practices and rituals then by the invaded to endorse the temple heritage scorned by missionaries the dissident hermeneutics of James Long and William Colenso confronting and compromising with colonial ambitions and finally the subtly seditious deployment of biblical citations in two colonial novels This innovative book offers both practical and theoretical insights and provides compelling evidence of the continuing importance of postcolonial discourse for biblical studies **The Bible and the Third World** R. S.

Sugirtharajah,2001-06-11 A comprehensive history of the Bible in the Third World **British Women Missionaries in Bengal, 1793-1861** Sutapa Dutta,2017-11-30 British Women Missionaries in Bengal 1793 1861 looks at the arrival of the early British women missionaries in Bengal especially when travelling to India or working in missions was neither a spontaneous nor an acceptable career decision for white women The book aims to throw light on a key moment in colonial contact a new interface between two races religions and ways of life From a hesitant beginning as helpmeets to a more confident phase of mission activities in the form of setting up formal educational institutions writing books and so on comprise a long legacy of white women s participation in overseas colonial encounters Historicizing imperial feminism will enable those who choose to use the past to locate and interrogate its ramifications on more modern notions of feminism The advent of the Baptist missionary William Carey in Bengal in 1793 followed by others significantly altered how mission activity was perceived in India From Hannah Marshman who helped her more famous missionary husband Joshua Marshman to open schools for girls to Mary Ann Cooke the first single British woman missionary to come and work in India to Hannah Mullens s contributions to zenana education were all part of a long journey which helped professionalize women s missionary work in

the colonies With the death of Hannah Mullens in 1861 the early phase of missionary work came to an end and then began a more proactive phase of evangelization and missionary activity in India Religion Versus Empire? Andrew Porter, 2004-10-29 This is the only book that addresses the relations between religion Protestant missions and empire building linking together all three fields of study by taking as its starting point the early eighteenth century Anglican initiatives in colonial North America and the Caribbean It considers how the early societies of the 1790s built on this inheritance and extended their own interests to the Pacific India the Far East and Africa Fluctuations in the vigor and commitment of the missions changing missionary theologies and the emergence of alternative missionary strategies are all examined for their impact on imperial expansion Other themes include the international character of the missionary movement Christianity's encounter with Islam and major figures such as David Livingstone the state and politics and humanitarianism all of which are viewed in a fresh light *Censors at Work: How States Shaped Literature* Robert Darnton, 2014-09-22 Splendid Darnton gives us vivid hard won detail illuminating narrative and subtle original insight Timothy Garton Ash New York Review of Books With his uncanny ability to spark life in the past Robert Darnton re creates three historical worlds in which censorship shaped literary expression in distinctive ways In eighteenth century France censors authors and booksellers collaborated in making literature by navigating the intricate culture of royal privilege Even as the king's censors outlawed works by Voltaire Rousseau and other celebrated Enlightenment writers the head censor himself incubated Diderot's great Encyclopedie by hiding the banned project's papers in his Paris townhouse Relationships at court trumped principle in the Old Regime Shaken by the Sepoy uprising in 1857 the British Raj undertook a vast surveillance of every aspect of Indian life including its literary output Years later the outrage stirred by the British partition of Bengal led the Raj to put this knowledge to use Seeking to suppress Indian publications that it deemed seditious the British held hearings in which literary criticism led to prison sentences Their efforts to meld imperial power and liberal principle fed a growing Indian opposition In Communist East Germany censorship was a component of the party program to engineer society Behind the unmarked office doors of Ninety Clara Zetkin Street in East Berlin censors developed annual plans for literature in negotiation with high party officials and prominent writers A system so pervasive that it lodged inside the authors' heads as self censorship it left visible scars in the nation's literature By rooting censorship in the particulars of history Darnton's revealing study enables us to think more clearly about efforts to control expression past and present

Christians and Missionaries in India Robert Eric Frykenberg,2013-01-11 The assumption that Christianity in India is nothing more than a European western or colonial imposition is open to challenge Those who now think and write about India are often not aware that Christianity is a non western religion that in India this has always been so and that there are now more Christians in Africa and Asia than in the West Recognizing that more understanding of the separate histories and cultures of the many Christian communities in India will be needed before a truly comprehensive history of Christianity in India can be written this volume addresses particular aspects of cultural contact with special reference to caste conversion

and colonialism Subjects addressed range from Sanskrit grammar to populist Pentecostalism Urdu polemics and Tamil poetry

The East India Company and Religion, 1698-1858 Penelope Carson, 2012 An overview of the East India Company's policy towards religion throughout its period of rule in India This wide ranging book charts how the East India Company grappled with religious issues in its multi faith empire putting them into the context of pressures exerted both in Britain and on the subcontinent from the Company's early mercantile beginnings to the bloody end of its rule in 1858 Religion was at the heart of the East India Company's relationship with India but the course of its religious policy has rarely been examined in any systematic way The free exercise of religion the policy the Company adopted in its early days in order to safeguard the security of its possessions was challenged by Evangelicals in the late eighteenth century They demanded that the Company should grant free access to Christians of all Protestant denominations and an end to barbaric Indian religious practices This gave rise to an unprecedented petitioning movement in 1813 comparable in strength to that for the abolition of the slave trade the following year It was an important milestone in British domestic politics The final years of the Company's rule were dominated by its attempts to withstand Evangelical demands in the face of growing hostility from Indians In the end it pleased no one and its rule came to a gory and ignominious end In this compelling account Penny Carson examines the twists and turns of the East India Company's policy on religious issues The story of how the Company dealt with the fact that it was a Christian Company trying to be equitable to the different faiths it found in India has resonances for Britain today as it attempts to accommodate the religions of all its peoples within the Christian heritage and structure of the state Penelope Carson is an independent scholar with a doctorate from King's College London

Converting Britannia Gareth Atkins, 2019 A compelling study of Anglican Evangelicalism in the Age of Wilberforce revealing its potency as a political machine whose reach extended into every area of the British establishment and its nascent Empire

The Making of a Syrian Identity Fruma Zachs, 2005-05-01 Exploring the origins and development of the Syrian identity during the 18th and 19th centuries through the role of Christian Arab intellectuals and merchants Ottomans and American missionaries this volume examines its background stages of evolution and components It shows that the contribution of these Christian Arabs despite their relatively small number lies in the processes they set in motion being the first to promote territorial concepts along with a secular interpretation of Arab culture This Syrian identity constitutes an innovative case study in the broader discipline of proto national identity and the study of the development of local identities in Middle Eastern countries It is also a vital basis for research of 20th century Syrian nationalism

Educating India Amit K. Suman, 2025-01-30 The book delves into the educational challenges that indigenous groups faced during the late 18th and 19th centuries and examines how they responded to these challenges and

threats It centres on the historical evolution of education in the Bengal Presidency and the North Western Provinces with a particular emphasis on the roles of pandits maulvis and other influential figures within indigenous society Up until the 19th century questions about the nature of knowledge the most effective methods of transmitting it and the societal responsibilities toward educating the youth were not monopolized by any single entity In most of Europe private actors rather than the state assumed the role of the dominant authority controlling the definition and dissemination of knowledge This trend gradually marginalized local knowledge and traditional ways of life In contrast the colonial state in India did not encourage local agencies to actively participate in the process of knowledge formation Instead under colonialism indigenous institutions and educators became agents of the state It s important to clarify the term indigenous in this context Here it refers to all educational institutions that served the local population taught pre British curricula were staffed by Indian or native teachers and initially received patronage from local elites However over time colonial authorities began providing funding and assuming patronage of these institutions which subsequently led to changes in their structures

Purifying Empire Deana Heath,2010-06-03 Purifying Empire explores the material cultural and moral fragmentation of the boundaries of imperial and colonial rule in the British Empire in the late nineteenth and early twentieth centuries It charts how a particular bio political project namely the drive to regulate the obscene in late nineteenth century Britain was transformed from a national into a global and imperial venture and then re localized in two different colonial contexts India and Australia to serve decidedly different ends While a considerable body of work has demonstrated both the role of empire in shaping moral regulatory projects in Britain and their adaptation transformation and at times rejection in colonial contexts this book illustrates that it is in fact only through a comparative and transnational framework that it is possible to elucidate both the temporalist nature of colonialism and the political racial and moral contradictions that sustained imperial and colonial regimes
