levels from beginner to advanced **The Portuguese Subjunctive** Luís Gomes, Maria Madalena Gonçalves, 2021-10-07 The Portuguese Subjunctive A Grammar Workbook is the first book devoted exclusively to understanding and mastering this challenging area of Portuguese grammar The clear structure guides students through the six subjunctive tenses providing them with concise and accurate explanations accompanied by a range of exercises to test and consolidate learning Each chapter is designed to help students progress from simple to more complex use of the language with instructions initially set in English before moving to Portuguese and exercises progressing from simple application to more advanced translation and compare and contrast tasks This grammar workbook is ideal for intermediate to advanced learners of European or Brazilian Portuguese who wish to master the use of the subjunctive It can be used as a supplementary in class text as well as a resource for independent study Constructicography Benjamin Lyngfelt, Lars Borin, Kyoko Ohara, Tiago Timponi Torrent, 2018-07-17 In constructionist theory a constructicon is an inventory of constructions making up the full set of linguistic units in a language In applied practice it is a set of construction descriptions a dictionary of constructions The development of constructicons in the latter sense typically means combining principles of both construction grammar and lexicography and is probably best characterized as a blend between the two traditions We call this blend constructicography The present volume is a comprehensive introduction to the emerging field of constructicography After a general introduction follow six chapters presenting constructicon projects for English German Japanese Brazilian Portuguese Russian and Swedish respectively often in relation to a frame net of the language In addition there is a chapter addressing the interplay between linguistics and language technology in constructicon development and a final chapter exploring the prospects for interlingual constructicography This is the first major publication devoted to constructicon development and it should be particularly relevant for those interested in construction grammar frame semantics lexicography the relation between grammar and lexicon or linguistically informed language technology *Religious Changes and Cultural Transformations in the Early Modern Western Sephardic Communities* Yosef Kaplan, 2019-02-11 From the sixteenth century on hundreds of Portuguese New Christians began to flow to Venice and Livorno in Italy and to Amsterdam and Hamburg in northwest Europe In those cities and later in London Bordeaux and Bayonne as well Iberian conversos established their own Jewish communities openly adhering to Judaism Despite the features these communities shared with other confessional groups in exile what set them apart was very significant In contrast to other European confessional communities whose religious affiliation was uninterrupted the Western Sephardic Jews came to Judaism after a separation of generations from the religion of their ancestors In this edited volume several experts in the field detail the religious and cultural changes that occurred in the Early Modern Western Sephardic communities Highly recommended for all academic and Jewish libraries David B Levy Touro College NYC in Association of Jewish Libraries News and Reviews 1 2 2019 **Polycoloniality** Saugata Bhaduri, 2021-12-30 Polycoloniality is a study of the activities of non British European powers and players primarily the

Portuguese the Dutch the French the Danish the Germans representatives of the Austrian and Prussian empires the Swedish and the Greek in Bengal from the late 13th to the early 19th century and their role in shaping Bengal's brush with colonial modernity prior to and possibly more foundationally than the English Much of the traditional historiography of colonialism in South Asia in general and Bengal in particular and the resultant postcolonial commonsense is woefully mononational with the focus being almost exclusively on England and its colonial exploits This is obviously factually incorrect and inadequate with the multiple European nations named above having had simultaneous colonial contact with Bengal from the 16th century and there having been a steady flow of Europeans primarily Italians to Bengal from at least the late 13th century More importantly it is these multiple European players rather than the English who can be credited with the setting up of the first cosmopolitan cities in Bengal its first colleges and universities the beginnings of print culture in Bengali the foundations of the modern linguistic literary and cultural registers of Bengal the first instances of social and political reforms etc Apart from an elaboration of all the above can Polycoloniality or a re look at Bengal's colonial history through the lens of plurality also offer a template to understand the multinational forms of current new imperialism more fittingly than postcolonial commonsense can

Soundings and the Politics of Sociolinguistic Listening for Transnational Space Kinga

Kozminska, 2023-12-14 In a world dominated by the visual this book presents how a focus on the sounded experience and acts of listening may carve a way to reformulate emerging publics create space for critical multilingual engagement and deepen recognition of emancipatory practices Examining the emerging logics and rhythms among a group of post EU accession UK Polish migrants this book focuses on the semiotic processes through which contemporary moving bodies and communities place themselves in sociolinguistic landscapes It considers how they develop metrics to account for sociolinguistic change and authenticate their projects and practices in transnational timespace In doing so the book brings power differentials to the centre of language and objectivity debates and foregrounds material semiotics as an approach that enables a new collective potential and redefinition of sociolinguistic listening By connecting research on scale in migration contexts with studies of embodied soundwork and of stance in semiotics this book highlights how a focus on the sounded sign may bring us closer to the ways in which bodies and meanings are re made and collective doing and thinking are formed in the globalised world
