

Unit 1 Review

1. What is the difference between the three types of representative democracies: participatory democracy, pluralist democracy, and elite democracy?
 - Participatory – the people directly have the power to make policy
 - Pluralist – different groups compete/have power to make policy
 - Elite – a small group of people who have more power, make policy
2. Give examples of how participatory democracy is presented in American government.
State/local levels of government – initiative, referendum, & recall
 - Initiative – the people initiate/begin a law themselves
 - Referendum – the people vote directly on a law
 - Recall – the people can vote an elected official out of office before their term ends
3. Give examples of how pluralist democracy is presented in American government.
 - Interest groups
 - Political parties
4. Give examples of how elite democracy is presented in American government.
 - Old, white, rich, Protestant, men = Congress
 - Electoral College (electors choose the President)
5. Define popular sovereignty. How is this reflected in American government?
 - Consent of the governed/Government is created and given its power by the people
 - We choose our representatives (Congress members)
6. Define limited government. How is this reflected in American government?
 - A government that has limited powers (Constitution will limit the powers of the government)
 - Separation of powers, checks and balances, federalism, Bill of Rights
7. Define social contract. How is this reflected in American government?
 - Agreement between the people and government (people will agree to give up some freedoms/rights in order to be protected by the government)
 - Bill of Rights is not absolute (ex: can't yell fire in crowded movie theater), PATRIOT ACT after 9/11
8. Define republic. How is this reflected in American government?
 - Political system where people choose representatives to represent them
 - Electing our Congress members
9. What Enlightenment philosopher came up with the idea of natural rights? According to this person

territory of the West Bank and Gaza Strip to the extent that any Palestinian state in those areas is unviable It reveals the irreversible impact of Israel's settlement grid by summarizing its physical demographic financial and political dimensions Virginia Tilley explains why we should assume that this grid will not be withdrawn or its expansion reversed by reviewing the role of the key political actors the Israeli government the United States the Arab states and the European Union Finally the book addresses the daunting obstacles to a one state solution including major revision of the Zionist dream but also Palestinian and other regional resistance and offers some ideas about how those obstacles might be addressed Virginia Tilley is Chief Research Specialist in the Democracy and Governance Division of the Human Research Council in Cape Town South Africa

The International Political Economy of the BRICS Li Xing, 2019-02-18 Exploring to what extent the BRICS group is a significant actor challenging the global order this book focuses on the degree and consequence of their emergence and explores how important cooperation is to individual BRICS members foreign policy strategies and potential relevance as leaders in regional and global governance The BRICS countries Brazil Russia India China South Africa have come to play an important role on the global political scene As a group and as individual countries they have taken initiatives to establish new institutions and have engaged in yearly summits that coordinate their voice and focus on intra BRICS cooperation In this sense the BRICS may be seen as a balancing coalition and often the main opposing force to Western powers Looking at the debate around the role of the BRICS as an actor expert contributors also explore the international political economy IPE of individual BRICS countries as systemically important countries with highly asymmetrical individual power capacities The comprehensive theoretical and empirical coverage of this timely volume will be especially useful to students researchers and professionals interested in ongoing academic debates around the IPE of emerging powers and those researching global governance and globalization Federal Register ,2013-07

Exit and Voice Lauren Duquette-Rury, 2019-11-26 A free open access ebook is available upon publication Learn more at www.luminosoa.org Sometimes leaving home allows you to make an impact on it but at what cost *Exit and Voice* is a compelling account of how Mexican migrants with strong ties to their home communities impact the economic and political welfare of the communities they have left behind In many decentralized democracies like Mexico migrants have willingly stepped in to supply public goods when local or state government lack the resources or political will to improve the town Though migrants cross border investments often improve citizens access to essential public goods and create a more responsive local government their work allows them to unintentionally exert political engagement and power undermining the influence of those still living in their hometowns In looking at the paradox of migrants who have left their home to make an impact on it *Exit and Voice* sheds light on how migrant transnational engagement refashions the meaning of community democratic governance and practices of citizenship in the era of globalization *InfoWorld* ,1998-01-26 *InfoWorld* is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers *InfoWorld* also celebrates people companies and projects Guide to U.S. Political Parties

Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States *Kaplan SAT*

Kaplan, Inc, 2004-03 As SAT II Subject Tests become an increasingly important criteria for college admissions more students will turn to Kaplan s SAT II guides for the preparation and strategies they need to do well on these challenging exams

The Slovak Question Michael R. Cude, 2022-06-07 The so called Slovak question asked what place Slovaks held or should have held in the former state of Czechoslovakia Formed in 1918 at the end of World War I from the remains of the Hungarian Empire and reformed after ceasing to exist during World War II the country would eventually split into the Czech Republic and Slovakia after the Velvet Divorce in 1993 In the meantime the minority Slovaks often clashed with the majority Czechs over their role in the nation The Slovak Question examines this debate from a transatlantic perspective Explored through the relationship between Slovaks Americans of Slovak heritage and United States and Czechoslovakian policymakers it shows how Slovak national activism in America helped the Slovaks establish a sense of independent identity and national political assertion after World War I It also shows how Slovak American leaders influenced US policy by conceptualizing the United States and Slovakia as natural allies due to their connections through immigration This process played a critical role in undermining attempts to establish a united Czechoslovakian identity and instead caused a divide between the two groups which was exploited by Nazi Germany and then by other actors during the Cold War and proved ultimately to be insurmountable *The Political History of American Food Aid* Barry Riley, 2017-08-25 American food aid to foreigners long

has been the most visible and most popular means of providing humanitarian aid to millions of hungry people confronted by war terrorism and natural cataclysms and the resulting threat often the reality of famine and death The book investigates the little known not well understood and often highly contentious political processes which have converted American agricultural production into tools of U S government policy In *The Political History of American Food Aid* Barry Riley explores the

influences of humanitarian domestic agricultural policy foreign policy and national security goals that have created the uneasy relationship between benevolent instincts and the realpolitik of national interests He traces how food aid has been used from the earliest days of the republic in widely differing circumstances as a response to hunger a weapon to confront the expansion of bolshevism after World War I and communism after World War II a method for balancing disputes between Israel and Egypt a channel for disposing of food surpluses a signal of support to friendly governments and a means for securing the votes of farming constituents or the political support of agriculture sector lobbyists commodity traders transporters and shippers Riley s broad sweep provides a profound understanding of the complex factors influencing American food aid policy and a foundation for examining its historical relationship with relief economic development food security and its possible future in a world confronting the effects of global climate change

Beyond a Government of Strangers Robert Maranto, 2005-01-01 With rare exceptions few large institutions change bosses every two or three years Yet the U S Government has temps on top Thousands of political appointees come in to run an agency or department and depart soon after at the whims of the electorate due to inside the Beltway bureaucratic politics or because of their own ambitions Many career bureaucrats view their temporary political bosses as ins and outers birds of passage or more derisively Christmas help Yet for better or worse the number of Santa s helpers has doubled since 1960 even as the length of their stay in government has declined Numerous scholars advocate reform of the political appointment process and many primers have appeared to help the appointees adjust to life inside the Beltway Beyond a Government of Strangers is the first book to focus on the men and women who stick around on the career executives and their own roles in the executive branch Robert Maranto provides pithy and sage advice on how career leaders can improve tenuous relationships and overcome conflicts with political appointees especially during presidential transitions He offers a rare insider s perspective with the first person account of former Deputy Counsel of the Navy Harvey Wilcox and quotations taken from interviews with scores of career executives Included in the book are helpful strategies such as Ten Tips on Managing Your Political Boss and invaluable details such as how careerists at different Federal agencies handle the orientation of new appointees The wisdom collected here will ensure more effective relationships in our government as well as more astute scholars of public administration No one working inside the Beltway can afford to miss this book

Science and Politics Brent S. Steel, 2014-04-21 Recent partisan squabbles over science in the news are indicative of a larger tendency for scientific research and practice to get entangled in major ideological divisions in the public arena This politicization of science is deepened by the key role government funding plays in scientific research and development the market leading position of U S based science and technology firms and controversial U S exports such as genetically modified foods or hormone injected livestock This groundbreaking one volume A to Z reference features 120 150 entries that explore the nexus of politics and science both in the United States and in U S interactions with other nations The essays each by experts in their fields

examine Health environmental and social cultural issues relating to science and politics Concerns relating to government regulation and its impact on the practice of science Key historical and contemporary events that have shaped our contemporary view of how science and politics intersect Science and Politics An A to Z Guide to Issues and Controversies is a must have resource for researchers and students who seek to deepen their understanding of the connection between science and politics Epilogue, Vol 3, issue 9, **The Politics of Linkage** Brian Bow,2010-07-01 Do Canada and the United States share a special relationship or is this a mere myth that has masked stark calculations of national interest Recent tensions over the Iraq War and ballistic missile defence have resurrected this perennial Canadian debate and triggered alarm about whether the US would make coercive linkages between issues to force Canada to change its policies The Politics of Linkage cuts through political rhetoric and academic clichés by offering detailed accounts of postwar disputes over nuclear weapons Arctic waters oil and gas and the Iraq War Although early Cold War disputes were governed by a diplomatic culture that was genuinely special the limits of Canadian autonomy are now defined by the ever shifting alignment of interest groups in Washington and by international agreements and organizations **Homeland Security** Charles P. Nemeth,2021-12-28 Homeland Security An Introduction to Principles and Practice Fourth Edition continues its record of providing a fully updated no nonsense textbook to reflect the latest policy operational and program changes to the Department of Homeland Security DHS over the last several years The blend of theory with practical application instructs students on how to understand the need to reconcile policy and operational philosophy with the real world use of technologies and implementation of practices The new edition is completely updated to reflect changes to both new challenges and continually changing considerations This includes facial recognition intelligence gathering techniques information sharing databases white supremacy domestic terrorism and lone wolf actors border security and immigration the use of drones and surveillance technology cybersecurity the status of ISIS and Al Qaeda the increased nuclear threat COVID 19 ICE DACA and immigration policy challenges Consideration of and the coordinated response to all these and more is housed among a myriad of federal agencies and departments Features Provides the latest organizational changes restructures and policy developments in DHS Outlines the role of multi jurisdictional agencies this includes stakeholders at all levels of government relative to the various intelligence community law enforcement emergency managers and private sector agencies Presents a balanced approach to the challenges the federal and state government agencies are faced with in emergency planning and preparedness countering terrorism and critical infrastructure protection Includes full regulatory and oversight legislation passed since the last edition as well as updates on the global terrorism landscape and prominent terrorist incidents both domestic and international Highlights emerging oftentimes controversial topics such as the use of drones border security and immigration surveillance technologies and pandemic planning and response Contains extensive pedagogy including learning objectives sidebar boxes chapter summaries end of chapter questions Web links and references for ease in comprehension Homeland Security Fourth

Edition continues to serve as the comprehensive and authoritative text on homeland security. The book presents the various DHS state and federal agencies and entities within the government, their role, how they operate, their structure, and how they interact with other agencies to protect U.S. domestic interests from various dynamic threats. Ancillaries including an Instructor's Manual with Test Bank and chapter PowerPoint™ slides for classroom presentation are also available for this book and can be provided for qualified course instructors. Charles P. Nemeth is a recognized expert in homeland security and a leader in the private security industry, private sector justice, and homeland security education. He has more than 45 book publications and is currently Chair of the Department of Security, Fire, and Emergency Management at John Jay College in New York City.
