Del Realismo Español Al Fantástico Hispanoamericano Elsa Dehennin, 1996 Tráfico de armas, 2004 The Monstered Self Eduardo González, 1992 Viewing stories and novels from an ethnographic perspective Eduardo González here explores the relationship between myth ritual and death in writings by Borges Vargas Llosa Cortázar and Roa Bastos He then weaves this analysis into a larger cultural fabric composed of the works of Chaucer Shakespeare Joyce Benjamin H G Wells Kafka Poe and others What interests González is the signature of authorial selfhood in narrative and performance which he finds willfully and temptingly disfigured in the works he examines horrific and erotic subservient and tyrannical charismatic and repellent Searching out the personal image and plot González uncovers two fundamental types of narrative one that strips character of moral choice and another in which characters choices deprive them of personal autonomy and hold them in ritual bondage to a group Thus The Monstered Self becomes a study of the conflict between individual autonomy and the stereotypes of solidarity Written in a characteristically allusive elliptical style and drawing on psychoanalysis religion mythology and comparative literature The Monstered Self is in itself a remarkable performance one that will engage readers in anthropology psychology and cultural history as well as those specifically interested in Latin American narrative

Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order. However, *World Literature in Spanish: An Encyclopedia* contains roughly 850 entries on both major and minor authors, themes, genres, and topics of Spanish literature from the Middle Ages to the present day, affording an amazingly comprehensive reference collection in a single work. This encyclopedia describes the growing diversity within national borders, the increasing interdependence among nations, and the myriad impacts of Spanish literature across the globe. All countries that produce literature in Spanish in Europe, Africa, the Americas, and Asia are represented, covering both canonical authors and emerging contemporary writers and trends. Underrepresented writings such as texts by women, writers queer and Afro-Hispanic, texts for children, and works on relevant but less studied topics such as sports and nationalism also appear. While writings throughout the centuries are covered, those of the 20th and 21st centuries receive special consideration.

Estudios administrativos Alexandre François Vivien, 1854 «*España, ¿me reciben?*» *Astronáutica y cultura popular (1957-1989)* David Moriente Díaz, 2019-06-18 *España me reciben* *Astronáutica y cultura popular 1957-1989* es una mirada exploratoria que tiene como meta cartografiar la incidencia de los viajes espaciales en el ámbito de la cultura de masas. Desde el lanzamiento del primer objeto artificial emplazado en órbita con éxito, la sonda Sputnik el 4 de octubre de 1957 y con ella el comienzo de la carrera espacial, hace más de sesenta años hasta el fin de la misma tras la caída del sistema socialista a finales de los años ochenta, en este libro se reflexiona sobre la emergencia de la tecnología aeroespacial en los albores del siglo XX y cuál ha sido su incidencia en términos culturales en la sociedad española. La interpretación que hacen los españoles sobre los hitos astronáuticos es sin duda discontinua, alterada y condicionada por los medios de masas, pero produce discursos susceptibles de ser analizados con los instrumentos que provee la historia cultural y de las imágenes. En última instancia, *España me reciben* traza un itinerario entre los muchos posibles que intenta comprender fenómenos como la construcción de la identidad nacional, los imaginarios colectivos y la interacción de la cultura popular con los medios de comunicación de masas.

Most entries are of 1500 words, but the encyclopedia also includes survey articles of up to 10,000 words on the literature of individual countries of the colonial period and of ethnic minorities, including the Hispanic communities in the United States. Besides presenting and illuminating the traditional canon, the encyclopedia also stresses the contribution made by women authors and by contemporary writers.
