Unit 1 (4/12)

Content-

--The Renaissance--

- George Vasari, 16th cent. Painter, architect, and writer used the Italian word rinascita, meaning rebirth to describe the era in which he lived
 - Believed their achievements were from the Greco-Roman age
 - They should have owed more of this to medieval Europe
- Individualism was born in the Renaissance, people sought to receive personal credit for their achievements, instead of giving all glory to God
- First took place in Italian city states. Printing press allowed for cultural trends to spread, resulting in the Northern Renaissance.
- Italian Renaissance writers → Focused on secular matters
- Northern Renaissance writers → Religious concerns

--Italian City States--

- Italian city states were at center of Europe's economic, political and cultural life in 14th and 15th centuries
- Middle Ages: Northern Italy towns dominated by HRE. However, residents were free to decide own fate → leading to vibrant and violent political existence
- Old nobility (wealth based on land ownership), conflicted with a new class of merchant families who became wealthy in the economic boom times of the 12th and 13th centuries. Both had to contend with an urban underclass, popolo or the people who wanted their own share of power
- Florence, 1378: Popolo showed dissatisfaction with the political and economic order by staging a violent struggle against the gov → Ciompi Revolt. Shock Florence and created a poor control over the government
- Milan: Resulting tension led to the rise of a tyrant, or signor, and the city eventually came to be dominated by the family of a mercenary (condottiero) named Sforza. Florence + Venice: Republics w/ a few wealthy families dominating
 - Most noteworthy: Medici Family → Used banking to establish their control of the Florentine republic and as hereditary dukes of the city
- Much external conflict among city states, narrowed down the number of kingdoms left: Florence, Milan, and Venice in the north, the papal states in the center, and the Kingdom of Naples in southern Italy
- Along with conflict stirring creative energy, economic factors involved
 - Italy was more vibrant, merchants would bring Italian wool and silk all over the world. Italian bankers provided lots of loans to European monarchs
 - These merchants would be the greatest patrons of the arts → it would represent them and their accumulated wealth

Questioning History Joe Regenbogen,2020-10-06 Since the days of the Ancient Greeks history has been perceived as the academic study of the past Unfortunately it has generally been taught as a litany of rigid boring facts intended to be accepted rather than questioned This has been reinforced for decades by weighty textbooks that overwhelm the reader with mind numbing details presented in a chronological sequence The end result is that students see little relevance of what they learn in history class to the real world and many simply struggle to stay awake Compared to other subjects taught at the secondary level history is frequently judged to be the most boring This is largely because it is viewed as an intellectually lifeless subject that presents few opportunities for active engagement *Questioning History* is a book built around 16 essential questions designed to challenge this common assumption Each question is broad open ended and subject to vigorous debate By examining the historical background behind each question and by analyzing the ways in which the question can be answered the reader will come away with a deeper understanding of the past and a new appreciation for history as a cognitively dynamic subject In addition by using each chapter as a platform for engaging discussions and Socratic seminars the reader will be able to refine the decision making skills necessary for effective citizenship in a democratic society Depending on the classroom or the setting in which it is being used *Questioning History* can either take the place of the more traditional textbook or at least be used as a supplement to make it come more alive The best way to learn and to appreciate a subject is through active engagement *Questioning History* provides a shot of adrenalin to the study of history

Urban Diaspora Jette Linaa,2021-01-13 This is a book on the rise and fall of diasporic communities in Early Modern urban centers in Denmark and Sweden It contains 17 chapters written by archaeologists historians and scientists ranging from in depth studies of artefacts biofacts and archaeological features to large scale analyses of community formation among natives and migrants of multiple origins The plethora of sources and approaches afforded by the numerous disciplines involved enables a significant new insight into the creation and recreation of migrant communities in these Early Modern towns
