Stewards of the Nation's Art Andrea Geddes Poole,2010-02-13 Between 1890 and 1939 the groups of men involved in running Britain's four main public art galleries the National Gallery the Tate Gallery the Wallace Collection and the National Portrait Gallery were embroiled in continuous power struggles *Stewards of the Nation's Art* examines the internal tensions between the galleries administrative directors the aristocrats dominating the boards of trustees and those in the Treasury who controlled the funds as well as board appointments Andrea Geddes Poole uses meticulous primary research from all four of these institutions to discuss changing ideas about class education and work during this period The conflicts between aristocratic trustees and administrative directors were not only about the running of the galleries but also reflected the era's strain between aristocratic amateurs and nouveau riche professionals *Stewards of the Nation's Art* is an absorbing study that explores the extent to which the aristocracy was able to hold on to cultural power in an increasingly professional and meritocratic age

Aristocrats in Bourgeois Italy Anthony L. Cardoza,2002-08-08 This book provides a full account of the Italian nobility in the post unification era It challenges interpretations which have stressed the rapid fusion of old and new elites in Italy and the marginality of the nobility after 1861 and instead highlights the continuing economic strength social power and political influence of Italy's most prominent regional aristocracy In Piedmont the nobles were able to develop more indirect forms of influence to satisfy their hunger for leadership based on something older than constitutions or electoral politics They remained a largely separate group within local society distinguished by their attachment to the values of lineage military service landownership and social exclusivity This aristocratic exclusivity and influence survived the agricultural depression of the nineteenth century before succumbing finally to the devastating effects of World War I

Stand, Columbia Robert McCaughey,2003-10-22 *Stand Columbia Alma Mater* Through the storms of Time abide *Stand Columbia Alma Mater* Through the storms of Time abide *Stand Columbia* by Gilbert Oakley Ward Columbia College 1902 1904 Marking the 250th anniversary of one of America's oldest and most formidable educational institutions this comprehensive history of Columbia University extends from the earliest discussions in 1704 about New York City being a fit Place for a college to the recent inauguration of president Lee Bollinger the nineteenth on Morningside Heights One of the original Colonial Nine schools Columbia's distinctive history has been intertwined with the history of New York City Located first in lower Manhattan then in midtown and now in Morningside Heights Columbia's national and international stature have been inextricably identified with its urban setting Columbia was the first of America's multiversities moving beyond its original character as a college dedicated to undergraduate instruction to offer a comprehensive program in professional and graduate studies Medicine law architecture

and journalism have all looked to the graduates and faculty of Columbia's schools to provide for their ongoing leadership and vitality. In 2003 a sampling of Columbia alumni include one member of the United States Supreme Court, three United States senators, three congressmen, three governors, New York, New Jersey, and California, a chief justice of the New York Court of Appeals, and a president of the New York City Board of Education. But it is perhaps as a contributor of ideas and voices to the broad discourse of American intellectual life that Columbia has most distinguished itself. From *The Federalist Papers* written by Columbians John Jay and Alexander Hamilton to Charles Beard's *An Economic Interpretation of the Constitution* and Jack Kerouac's *On the Road* to Edward Said's *Orientalism*, Columbia and its graduates have greatly influenced American intellectual and public life. Stand Columbia also examines the experiences of immigrants, women, Jews, African Americans, and other groups as it takes critical measure of the University's efforts to become more inclusive and more reflective of the diverse city that it calls home.

BRW., 2005 *Aristocrats of the Spirit* E.E. Hunt, 2015-05-22. Included in this writing are records of men and women of all faiths who influenced me at different times of my life. I consider each to be an aristocrat of the spirit because each was memorable in my early life, in more than fifty-five years of ministry, and in my retirement. The use of the word aristocrat, however, has nothing to do with the lineage of folks born to wealth or status but just to those who influenced others for good, either the common good or for someone's enriched personal life. In my estimation, they are aristocratic only because of their own individual positive selves. These are people I have either been related to or have met one way or another, and in whom I admired their sense of decency or the way they endured their personal struggles. We need to be inspired daily by everyday heroes and heroines who keep us focused on our goals.
