Menken,2012-09-18 In the words of Elie Wiesel The man who left his mark on so many survivors of so many massacres in Central and Eastern Europe the leader who not only made survival imperative but possible the Master who gave to despairing communities managed we shall never know how to disappear without leaving the professional seekers even a fragment of valid autobiographical material Obsessed by eternity he neglected history and let himself be carried by legend Wiesel is talking about the Baal Shem Tov The Master of the Good Name Readers acquainted with Jewish history will have an idea who the Baal Shem Tov was But the width of the spectrum of such ideas can be immeasurably wide Equally wide is the range of emotions these ideas arouse Readers unacquainted with such a history may be able to read this book more easily as a novel which it is What surrounds the stage of our action is of course the great world of history and a time of disruptions and new thinking Of great consequence is the transmission from China of the musical theory of equal temperament which forms the basis of almost all musical composition from the mid 18th century to the music saturated present This musical theory was received and then published in France by Mersenne in 1636 in 1722 it was being championed by Bach in his instructions to young musicians collected under the title The Well Tempered Clavier That year the Baal Shem Tov was probably earning his living digging clay and accompanying his labors with Carpathian shepherds tunes The story is told through the eyes of an invented student of his who becomes a physician in Prague

Coriat, Ernest Metzger, 2014-07-16 The contributions to this volume are concerned with the Roman law of antiquity in its broadest sense covering both private and public law from the Roman Republic to the Byzantine era including legal papyrology They also examine the reception of Roman law in Western Europe and its colonies specifically the Dutch East Indies from the Middle Ages to the promulgation of the German Bürgerliche Gesetzbuch in 1900 They reflect the wide interests of Professor Boudewijn Sirks whom the volume honours on the occasion of his retirement and whose work and career have transcended frontiers and nations *Jews in an Illusion of Paradise* Norman Simms, 2017-03-07 The focus of

this volume is on essential themes images and generic patterns beginning with a Talmudic legend about four scholars They by means of daring mystical interpretations of Scripture entered a Paradise representing different means of imaginative reading perception memory and application of the law One of them died one went mad another became a heretic and the other came back as a traditional exegete and teacher Based on that legend this book examines a small group of late 19th and early 20th century European Jewish intellectuals and artists in the light of their dreams writings and moments of crisis These men and women comedians in both the sense of stage actors and clowns or witty performers believed they had entered a new secular and tolerant society but discovered that there was no escape from their Jewish heritage and way of seeing the world This monograph looks into the imperfect mirror of cultural experience discovers a hazy world of illusions dreams and nightmares on the other side of the looking glass and sometimes constructs a midrashic conceit of the comical and grotesque screen between them
