Design, Monitoring and Evaluation of Technical Cooperation Programmes and Projects International Labour Office,1998 Design, Monitoring and Evaluation of Technical Cooperation Programmes and Projects ,1996 *Design, Monitoring and Evaluation of Technical Cooperation Programmes and Projects* Enrique Brú,1995 Presents the main concepts and methodologies for the design monitoring and evaluation procedures for technical cooperation programmes and projects

The Role of the ILO in Technical Cooperation International Labour Office,1999 Reviews the ILO s technical cooperation programme following the resolution adopted at the 73rd Session 1987 of the International Labour Conference and the conclusions contained in the resolution concerning the role of the ILO technical cooperation adopted by the International Labour Conference at its 80th session **Activities of the ILO, 1998-99** International Labour Office,2000 **Report of the Director-General** International Labour Office,1996 The National Agendas for Technical Cooperation ,

Publications Catalogue International Labour Office,2000 International Labour Documentation International Labour Organization. Central Library and Documentation Bureau,1996 *The Project in International Development* Caitlin Scott,2023-06-26 The project has become fundamental to international development and humanitarian practice playing a key role in defining objectives funding streams and ultimately determining what success looks like This book provides a much needed overview of the project in international development practice guiding the reader through the latest theoretical debates and exploring the core tools and stages of planning and design The book starts with an overview of the role of the project through development history before taking the reader through the stages of a standard project management cycle Each chapter introduces the stage the most common tools used to support that phase of planning and the critical debates that exist around it with examples to illustrate discussions from around the world and a range of development fields The book explores the challenges to working effectively in contemporary aid contexts including the role of politics and the pressures wrought by the demands to demonstrate quantified results Throughout the book argues for the need to see the project as a form of governmentality that arranges resources and people in time and space and that extends neoliberal forms of managerial control in the sector Ending with suggestions for innovation this book is perfect for anyone looking for an accessible and engaging guide to the international development project whether student researcher or practitioner
