The Diabetes Miracle Diane Kress, 2012-01-10 The breakthrough 3 step program to conquer type 2 diabetes with little to no medication If you've been diagnosed with prediabetes or type 2 diabetes it's easy to think How did this happen I watched what I ate If only I had tried harder eaten fewer calories and burned more But you're not alone and it's not your fault Many traditional diets can actually promote insulin resistance over time because they don't take into account your different metabolism You may be one of the millions who have Metabolism B metabolic syndrome an inherited condition that can cause your body to overreact to carbohydrate foods release excess insulin and gain body fat and eventually develop type 2 diabetes The good news is that you can take control of your diabetes starting today When registered dietician Diane Kress herself developed this condition over a decade ago despite following the ADA recommended dietary guidelines she realized that the status quo nutrition plans just don't work for everyone In *The Diabetes Miracle* she identifies the reason why Now she shares the groundbreaking 3 step program that she has created for the prevention and management of this progressive potentially fatal condition It's the miracle diet and lifestyle plan that thousands of her

patients have been successful with and that Kress personally adheres to today controlling her diabetes without medication Now you can get the facts and eat to treat the root cause of type 2 diabetes With The Diabetes Miracle you can expect to Correct your body s insulin imbalance naturally and stop the progression from Metabolism B to prediabetes to diabetes Rest reset and retrain your pancreas to process carbs and react more normally to blood glucose changes Lose weight and keep it off especially the love handles and excess back fat Get the best blood sugar readings you have experienced since your diagnosis on the least amount of medication Have more energy sleep great look younger and feel healthier Gain control of type 2 diabetes on an easy livable program This diabetes bible provides clear details about the disease itself the newest parameters for diagnosis and preventing complications Kress also gives you the most up to date information on blood glucose testing medications the use of insulin and tricks of the trade for great blood sugar control With helpful Q A throughout and a fresh compassionate approach The Diabetes Miracle takes the frustration out of living with type 2 diabetes so that you can take control permanently Get ready for better health and a brand new lease on life **Librarian's Guide to Online**

Searching Christopher C. Brown,2021-06-18 Updates the premier textbook for students and librarians needing to know the landscape of current databases and how to search them Librarians need to know of existing databases and they must be able to teach search capabilities and strategies to library users This practical guide introduces librarians to a broad spectrum of fee based and freely available databases and explains how to teach them The updated 6th edition of this well regarded text covers new databases on the market as well as updates to older databases It also explains underlying information structures and demonstrates how to search most effectively It introduces readers to several recent changes such as the move away from metadata based indexing to full text indexing by vendors covering newspaper content Business databases receive greater emphasis As in the previous editions this book takes a real world approach covering topics from basic and advanced search tools to online subject databases Each chapter includes a thorough discussion a recap concrete examples exercises and points to consider making it an ideal text for courses in database searching as well as a trustworthy professional resource
