Excerpt from English Proverbs and Proverbial Phrases That popular phraseology which has subsisted among us time out of mind and which may be said to constitute a kind of common speech presents to our notice a theme peculiarly abounding in curiosity interest and social illustration The Rev John Ward Vicar of Stratford on Avon in the time of Charles II observes in his diary Six things required to a proverb 1 Short 2 Plain 3 Common 4 Figurative 5 Ancient 6 True If we allow this to be a fair criterion or standard it follows that in the existing collections are a very great number of articles which have no real title to a place there and such is indeed the actual fact In Dr Fuller's Gnomologia 1732 there are 6496 sayings but of these a considerable proportion would have to be eliminated to satisfy Mr Ward's postulates for there are assuredly many which do not fall under any of those heads About the Publisher
