Illanes,1997-05-09 This dictionary provides fast and easy access to terms in areas such as legal judicial and court proceedings law enforcement police and military training chemical essentials and chemical precursors natural synthetic and designer drugs banking and money laundering It also presents some related terminology for environmental medical psychological social and economic matters The dictionary includes a large number of jargon terms and explanations of these have been provided in some cases in order to ensure better understanding This work is an indispensable tool for conference interpreters court interpreters translators and social workers [All About Drug Addicts](#) Yulia Basharova,2025-01-30 Annotation This is not just a book it is a full fledged treatment at home independently and free of charge The course is designed for 3 months of home isolation Our method guarantees recovery if you follow all the recommendations in the book and do not engage in amateur activities Drug addiction is definitely curable do not even doubt it And do not believe those who claim the opposite This is the first book in the Self Help Guide for Smart Drug Addicts series The series consists of 3 books The first book is about the nature of drug addiction and the psychology of patients The second is about how to treat and the third is 120 lessons for home treatment We offer a scientific working approach to treatment based on psychiatry There are no psychological guesses and unnecessary reasoning The book is written from the words of psychiatrist Maxim Malyavin who has 30 years of experience working in a psychiatric hospital This book is psychotherapy in itself Reading it the patient recognizes himself in different situations and

his self deception disappears he begins to think sensibly and a great desire to quit appears But Desire alone is not enough Therefore the book provides tools for relatives with the help of which they can force the patient to undergo treatment Voluntarily compulsorily Otherwise it is impossible with such patients Giving them the right to choose is tantamount to pushing them into the grave Drug addiction has an ugly face and you cannot believe everything you see and hear from a drug addict Almost every one of them is sure that everything is fine with them and they can quit at any moment But it is not so If they could quit there would be no drug addicts and alcoholics We won t tell you that treating a drug addict at home is easy No it s difficult and exhausting But it s guaranteed to work The method has many conditions and restrictions For example organize home isolation get rid of your mobile phone provide yourself with a sober relative for control etc This is not just our whim it is really necessary and you must treat these moments very responsibly And the most important thing we want to convey to you Do not disown your children and spouses Be merciful This is a disease not a whim And this disease is treatable that s the main thing After treatment your relative will become the same as you remembered him before Quotes Therefore be reasonable And do not overestimate yourself By the way overestimating your strengths is what brought you to drug addiction Remember this Can you expect a patient with a disorder of desire to have a reasonable attitude towards his life The behavior of such patients is no different from that of patients who are delirious Alcoholics do not think about treatment until they have caused a lot of trouble with their own hands All means are justified for this purpose Sometimes it is necessary to contact the patient s boss sometimes it is necessary to involve his family It also makes sense to contact people who have authority for the patient colleagues friends A drug addict cannot be considered less dangerous than a person who has a venereal disease or is infected and there is a risk of infecting others In all these cases treatment is necessary which does not depend on the patient s decision If you ask any person who is not involved in drugs how he feels about drug addicts he will wrinkle his nose in disgust be surprised and say Not at all They don t concern me Drug addicts don t understand why society rejects them so much After all each of them as everyone knows is not at all like these losers And a drug addict almost never lies that s the worst thing When he promises something he s 100% sure that he ll do it He believes in it **Cobert's Manual of Drug**
