Discourse and Context in Language Teaching Marianne Celce-Murcia, 2000

Language as Discourse Michael McCarthy, Ronald Carter, 2014-07-22 In this book Michael McCarthy and Ronald Carter describe the discursive properties of language and demonstrate what insights this approach can offer to the student and teacher of language The authors examine the relationship between complete texts both spoken and written and the social and cultural contexts in which they function They argue that the functions of language are often best understood in a discursive environment and that exploring language in context compels us to revise commonly held understandings about the forms and meanings of language In so doing the authors argue the need for language teachers syllabus planners and curriculum organisers to give greater attention to language as discourse

Context and Culture in Language Teaching Claire Kramsch, 1993-06-17 This book takes cultural knowledge in language learning not only as a necessary aspect of communicative competence but as an educational objective in its own right If the aim of foreign language education is to foster cross cultural awareness and self realization language pedagogy needs to come to grips with a range of fundamental issues what do we mean by cultural context Can discourse practices be taught like rules of grammar What role does literature play in the development of second language literacy How can learners acquire both an insider's and an outsider's understanding of the foreign culture as expressed through its language By exploring these and other issues the book can help language teachers reflect on their profession and place it within its larger societal and educational context In turn they can help learners become not only skilful users of the language but also active architects of a new cross cultural world order

English Language Teaching in Its Social Context Christopher Candlin, Neil Mercer, 2001 English Language Teaching in its Social Context offers sociolinguistic ethnographic and social psychological perspectives on TESOL teaching and learning and introduces the relevant literature on second language acquisition Together with its companion volumes it presents English language teaching in a variety of specific institutional geographic and cultural contexts The articles a range of seminal and specially commissioned pieces have been carefully chosen to present four major principles of English language teaching they focus on the roles played by teachers and learners recognise the individuality of language learners support teachers in the provision of active guidance for students learning examine both positive and negative patterns of interaction between learners and teachers This Reader offers people unfamiliar with research in this field an overall impression of English language teaching issues while allowing the more experienced reader the opportunity to relate his or her own experiences to the theories presented

Language in Language Teacher Education Hugh Trappes-Lomax, Gibson Ferguson, 2002-12-11 This volume explores the defining element in the work of language teacher educators language itself

The book is in two parts The first part holds up to scrutiny concepts of language that underlie much practice in language teacher education yet too frequently remain under examined These include language as social institution language as verbal practice language as reflexive practice language as school subject and language as medium of language learning The chapters in the second part are written by language teacher educators working in a range of institutional contexts and on a variety of types of program including both long and short courses both pre service and in service courses and teacher education practice focusing variously on metalinguistic awareness for teachers language improvement and classroom communication The unifying factor is that collectively they illuminate how language teacher educators research their practice and reflect on underlying principles
